

Being a column in which the publisher just "blows off the steam."

By Willard Jones

REX KYKER, head of the speech department at Abilene Christian College, who spoke at the Lions Club luncheon Tuesday at noon, prefaced his remarks with the observation that, several months ago when he spoke at a Kiwanis Club meeting in Jacksonville, Florida, he was presented a scroll when he rose to speak. Having never received a scroll, he said, he hastened to read it. It bore these words: "You may speak as long as you like, but the Kiwanis members will be leaving at 1:00 o'clock."

Also observing that there were several ministers present for the luncheon, he declared that "Some farmers need to stop farming and go to preaching in order to let God have His way in their lives; and certainly some preachers need to stop preaching and go to farming."

A WISE OLD MAN, who had lived buoyantly through four score years, was asked, "Which is the happiest season of life?"

He replied thoughtfully, "When spring comes, and in the soft air the buds are breaking on the trees, and they are covered with blossoms, I think, how beautiful is spring!"

And when the summer comes, and covers the trees and bushes with heavy foliage, and singing birds mingle with the branches, I think, how beautiful is summer! When autumn loads them with golden fruit, and their leaves bear the gorgeous tint of frost, I think, how beautiful is autumn! And when it is so cold, and there is neither foliage nor fruit, then when I look up through the leafless branches and see, as I can see in no other season, the shining stars of heaven, I think, how beautiful is the winter of life!"

DR. ALBERT LUNDY, instructor of sociology at Hardin-Simmons University in Abilene, who has made a study of the Texas prison system, spoke at last Wednesday's luncheon meeting of Hamlin Rotary Club. He gave many interesting facts and sidelights about the system, including the statement that it is now referred to as the Texas correction system.

"It costs about \$1,100 a year to maintain a boy at the Gatesville Training School—about the same that it requires to send him to college," asserted Dr. Lundy.

He pointed to many changes in methods at the 12 institutions of the state for correction. While meats and sweets are rationed to moderation, inmates may have all the food they want, Dr. Lundy said—except where minor punishment for infractions of prison rules are invoked.

In talking about the Texas Prison System, Dr. Lundy held each October, he said that a gag at last year's performance was the appearance of Bascom Giles on "Easy Money."

A HAMLIN SPINSTER was outlining to a prospective worker the kind of a fellow she wanted to help her about her place . . .

"I want a man to do odd jobs around the house, run errands and mow the lawn. I want a man who will never answer back and always do what he is told. Now, if you can do all this, the job is yours."

"Ma'am," said he, "you ain't lookin' for a handyman, you're lookin' for a husband!"

PERT PARAGRAPHS picked up here and there by this columnist, which he deems worthy of reprint, include:

An awful lot of young men have learned that stealing kisses can lead to a life sentence.

A man who goes to a party and tries to be the whole cheese usually is considered the offensive kind by the other men.

Most of the American profanity, 'tis said, was used 700 years ago, and it's not likely we'll ever wear off.

Home work is what an awful lot of youngsters discover they have to do just when they're supposed to be getting into bed.

A successful past often comes a mighty handy for future references.

Gossip travels far because there always are a lot of women willing to carry it.

Breakdowns come to people who worry too much about not knowing how not to worry.

FAMOUS OBERAMMERGAU PASSION PLAY will be presented at the Abilene High School auditorium on Friday, Saturday and Monday evenings, April 18, 19 and 21, and Sunday afternoon, April 20, under auspices of the Abilene Junior Chamber of Commerce, according to Brad Rowland Jr., chairman of publicity for the laycees. Tickets, which are on sale at Passion Play Headquarters, are \$1.25, \$.80, \$.25 and \$.30. Student tickets are 50 cents for Friday and Monday matinees.

## Kirby W. Clayton Is New County Agent

Kirby W. Clayton, who until recently was serving as county agricultural agent of Cottle and King Counties, Monday assumed his new duties as Jones County agent. Announcement was made last week in a joint statement from the Jones County Commissioners Court and J. G. Simmons, county clerk.

Clayton succeeds W. H. Lehmberg, who transferred to Wilbarger County as agent on April 1. Clayton has been employed with

the agricultural extension service since June, 1948. He has served as assistant county agent in training in Haskell County, county agent of Kent County, and for the past six years he has served as agent for Cottle and King Counties.

The new Jones County agent has bachelor of science and master of science degrees in agriculture from Texas A. & M. College. He is married and has two children, a boy and a girl. He is active in the Methodist Church. He is also a veteran of World War II.

Clayton has conducted an excellent extension service program in the counties where he has served, and has earned this chance for promotion based on his good work, declares Simmons.

## House-to-House Drive By Cancer Crusade Teams Set Thursday

Cancer Crusade teams will make a house-to-house drive in the three larger communities of Jones County next Thursday, April 17, it was announced Wednesday by Ed Sprowls of Anson, county chairman.

Canvasses of the residential districts of Stamford, Hamlin and Anson are all scheduled to begin at 7:00 p. m. and end at 8:00 o'clock.

Chairmen for this phase of the crusade are Mrs. C. T. Dodson for Stamford, Mrs. Edgar Duncan for Hamlin, and Mrs. Herman Funt for Anson.

The two-fold aim of the drive this year is to reach the public with life-saving cancer facts, and to raise enough money to step up research projects.

## Expanded Farm Housing Loan Plan To Speed Building and Aid Economy

An expanded farm housing loan program, designed to speed up farm building construction and improvement, as well as act as an additional anti-recession measure, was announced this week by Walter T. McElroy, Federal Home Administration state director, according to Thomas M. Nanny, the agency's local county supervisor, with offices in the basement of the post office building at Anson.

Now an owner of a farm in agricultural production and on which the operator plans to produce at least \$400 worth of farm commodities for sale or home use may qualify for the four per cent long

term loan provided that he meets other standard eligibility requirements.

Formerly an eligible applicant had to own a farm that produced a more substantial part of the operator's annual cash income.

Loans may be made to build, improve or repair farm houses or other essential farm buildings, and provide water for farmstead and household use. Nanny said that, in addition to financing major construction, the loan funds can help meet many other needs for farm and farm home modernization such as adding bathrooms, utility rooms, better kitchens and many other improvements to the home as well as to farm service buildings.

While tenants and farm laborers are not eligible, the owner may borrow to do the construction work or make improvements for them.

The loans are made to farm owners who need credit to finance building improvements or repairs, but find that adequate credit is not available through banks or other regular credit channels. The interest rate is four per cent, and loans may be amortized over periods up to 33 years.

Eligibility for loan assistance is determined by the three-member county FHA committee, and applications are now being accepted in Farmers Home Administration offices.

## Car Registrations in County Short of 1957

More than 8,000 Jones County motor vehicle owners got under the wire by closing time last Monday to register for the 1958 car license plates, declares Ima B. Dougherty, tax assessor-collector at Anson.

But the total of 8,121 registered before the deadline was short of the 1957 total by some 2,000, indicating that a number of cars and trucks were to be registered. This year's registration up to last Wednesday included 6,138 passenger cars, 1,274 commercial and farm trucks. Registrations in 1957 were 7,875 passenger, 1,700 commercial and 800 farm trucks.

# Tuxedo Farmer Burned to Death as Home Destroyed

## George Thomas Held on Murder Charge at Anson

George Thomas, alias George Davis, 55, was still in jail at Anson Wednesday awaiting a preliminary hearing on a charge of murder following a fatal shooting about 6:30 p. m. Sunday in Pete's Cafe in Northeast Hamlin.

Milton (Pete) Davis, also about 55, was the victim. He was pronounced dead upon arrival of a Hamlin doctor at the cafe after the owner of the business, a woman, called the doctor.

A number of people who were in the cafe at the time of the shooting witnessed the event. No one, including Thomas, could give a satisfactory cause of the altercation.

Thomas was arrested at the cafe shortly after Jones was shot twice. A pistol believed to have been used in the shooting was recovered.

The charge of murder was filed in justice court and will be investigated April 21 by the grand jury for 104th District Court.

Investigating the case were Sheriff Dave Reeves of Anson, Hamlin Police Chief E. B. Watson, Policeman Leland Server, Highway Patrolman Osie Renfro of Stamford and Justice of the Peace J. B. Eakin of Hamlin.

## 10 Hamlin Nurses to Get Certificates and Pins at Tuesday Rites

First class of graduates from the vocational nurses training school operated at the Hamlin Memorial Hospital is scheduled to receive certificates in special exercises next Tuesday evening at the Faith Methodist Church, according to Mrs. Elizabeth Kraft, registered nurse, who has been instructor for the group while serving as superintendent of nurses at the hospital.

The services will begin at 8:00 o'clock, when Rev. Henry C. Adair, pastor, will give the invocation. Music will be arranged by Mrs. J. W. McCrary. Talks will be given by Dr. J. E. Hawkins and Louie Cunningham, members of the hospital staff.

Mrs. Kraft will present certificates and nurse pins to the 10 graduates.

Scheduled to receive the certificates and pins are Mmes. Cecil Brown, Viola Brown, Bernice Nunley, Ruby Perryman, Mary Major, Donna McCain, Christine Wilcox, Earlene Williams, Leona Teichelman and Lola Jenkins.

The public is invited to attend the services, Mrs. Kraft announces.

ARRIVE FOR WRIT HEARING—Some of the 35 Cuban Rebel sympathizers who were arrested in the Gulf of Mexico near Brownsville last week smile and give the "V" for victory sign as they arrive at federal court in Brownsville for a hearing on their application for a writ of habeas corpus. The application bond for the men was reduced.

# More Funds Made Available For Cotton Acreage Reserve

## Three New Tests For Oil Staked in Hamlin Territory

Three new oil prospectors have been satked in the Hamlin territory recently. One is southeast of town and the others are northeast.

Eight miles southeast of Hamlin A. V. Jones & Son of Albany staked their No. 1 W. P. Westmoreland as a 3,500-foot rotary test. Site is 1,400 feet from the north and 567 feet from the east lines of Subdivision 7, Louis Kratz Survey 335.

Miami Petroleum Company, Inc. of Abilene staked two proposed 6,200-foot rotary wildcats in Southeast Stonewall County.

No. 1-E Swenson Land Company is located six miles southeast of Old Glory. Drillsite is 1,974 feet from the north and 660 feet from the west lines of Section 127, B. B. E. & C. Railway Company Survey.

Other test is No. 1-K Swenson Land Company, located 10 miles south of Old Glory. Drillsite is 660 feet from the north and west lines of the northeast quarter in Section 150, B. B. E. & C. Railway Company Survey.

Connecticut is sometimes called the Land of Steady Habits.

PEGGY KILLION, daughter of Mr. and Mrs. A. E. Killion, is sweetheart of the Hamlin chapter of Future Farmers of America. She will represent the Hamlin organization at an award and sweetheart banquet later this spring.

## PICKING UP THINGS.

Father was sitting in the arm chair watching TV one evening when Junior came in and showed him a new watch, explaining that he had found it in the street.

"But son," objected the father, "are you sure it was lost?"

"You bet it was lost," answered Junior. "I even saw the man looking for it!"

## Applications in By February 20 Will Be Handled

Sufficient funds to cover the applications to participate in the 1958 cotton acreage reserve program which were filed and recorded by February 20 have been received by the Jones County Agricultural Stabilization and Conservation Committee, M. S. Jones, county office manager of the county ASC office, advised this week.

Jones stated that all producers whose names are on the application register have been notified as to the availability of funds and will be given 15 days from the date of the notice to execute and file an agreement with the ASC office. He further stated that any agreements executed may not be withdrawn since the closing date for withdrawal of cotton acreage reserve agreements was March 28. Provisions also have been made, said Jones, for those producers to execute agreements who did not place their applications on the register by February 20 provided the following conditions are met:

See COTTON RESERVE—Page 8

## Moore and Weaver Re-elected as Trustees

Fred B. Moore Jr. and Noel (Duke) Weaver were re-elected as members of the board of trustees of Hamlin Independent School District Saturday in voting that polled only 62 ballots out of a

Moore received 59 votes, Weaver got 52 and R. L. McClung was accorded 15 votes. Two places were open on the board, Moore and Weaver having filed for reelection.

John Brown Sr. of Neinda community received all 62 votes as the only candidate for county school trustee from Precinct 1. His name was the only one on the ticket.

Moore and Weaver will serve for three-year terms.

## Jack Pyron Added to Police Force of City

Jack Pyron was added to the City of Hamlin police force on April 1, replacing Jess Miller, who resigned after nearly three years of duty on the force, according to E. B. (Buddy) Watson, police chief.

Third member of the police force is Leland Server, who started service on January 1.

## Cause of Fire Not Determined by Inquiry at Scene

Fire of undetermined origin took the life of O. L. Henry, 58-year-old farmer of the Tuxedo community, 10 miles east of Hamlin, Tuesday afternoon about 1:30 o'clock when the family residence was completely destroyed.

Henry, who had been left at the home shortly after noon by his wife when she went to a store at Tuxedo, two miles east and south of the residence, apparently was caught by the flames and suffocated as he attempted to reach the back door of the home. It is supposed he had lain down for a nap and was awakened by the flames.

The farmer's body was found face up near the back door, but it was practically consumed by the intense heat of the fire that consumed the house before fire fighting equipment from Stamford and Hamlin could reach the scene.

A neighbor, John Lopez, was playing in a field north of the Henry place when he saw smoke. Joined by Joe Vega, another neighbor, he ran to the Henry place to find flames jetting out of the roof. The two men called but heard no reply. Deciding that nobody was at home, they hurried to a house down the road but found no telephone. They then headed for Tuxedo and met Mrs. Henry returning home. They returned to the fire scene with Mrs. Henry. When she tried to enter the flaming home, she had to be restrained. She was brought to Hamlin Memorial Hospital, but refused treatment and returned to the home, where she collapsed upon learning that her husband had died in the holocaust. She was brought to the hospital again for treatment of shock.

Mr. and Mrs. Henry had lived in this area for about 15 years, where they owned several farms. He was born January 28, 1900, at Billings, Missouri. He moved with his family to East Texas. In 1923 he came to Jones County. He married the former Lillian Gray of Hamlin on March 10, 1924, at Carlsbad, New Mexico. The couple had no children.

Funeral services for the victim will be held at 3:00 p. m. this (Thursday) afternoon at Kinney Funeral Chapel in Stamford. Rev. Newton Starnes, pastor of St. John's Methodist Church, will officiate. Burial will be in the Hamlin East Cemetery.

Besides his wife, Henry is survived by a brother, R. C. Henry, and a sister, Mrs. Emmett Tutt, both of Mansfield, Missouri.

## Hub Hopper Buys in Imperial Barber Shop

Announcement was made last week of the purchase by Herbert (Hub) Hopper of half interest in the Imperial Barber Shop from Jimmy Starnes. The concern will still operate under the Imperial name.

Besides Simmons and Hopper, Park Wheat is the other barber in the shop.

## Who's New This Week

Mr. and Mrs. E. Dale Bever of Buena Park, California, are announcing the birth of a son on March 4. The youngster, who weighed seven pounds 15 ounces, has been named Bret Alan. The mother is the former Janice Bonner, daughter of Mr. and Mrs. Harold Bonner of Hamlin.

Only one new citizen was recorded since last week's report in The Herald at Hamlin Memorial Hospital. The new arrival was . . .

A boy for Mr. and Mrs. Bobby Westmoreland, who was born on April 12. He tipped the scales at a light six pounds 12 ounces. He will answer to Mark Alan.

SECOND TORNADO FUNNEL—This is a photo of the second tornado funnel that last week hit Wichita Falls. At the bottom of the funnel is a cloud of swirling dust. The funnel did heavy damage to several business buildings on the Seymour highway just within the city limits. Photo was taken by Perry Ascock of The Wichita Falls Record-News.

## FARMERS MUST PLANT TO PROSPER SAYS EXPERT

True D. Morse, under-secretary of agriculture and president of the Commodity Credit Corporation, recently spoke before the twenty-fourth annual Mid-South Farm Forum with forceful and thought-provoking words. From portions of the address the following random remarks were taken, which bear repeating:

Farmers must plant to prosper. Farming areas must plant to prosper. Certainly laborers, merchants and entire trade centers, as well as the total economy, need a program of plant to prosper. Freedom to plant and over expanding markets for farm products must be the goal.

Cotton is in major trouble because of laws that have encouraged and required farmers to attempt to prosper by not planting.

Manufacturers of synthetic fibers have expanded manufacturing plants and prospered. Foreign cotton farmers have expanded the planting of cotton and prospered.

The result in 10 years—

U. S. cotton farmers cut back in acreage from 24,000,000 (1947-49) to 16,000,000 acres (1955-57).

Synthetic fiber production in the U. S. is up the equivalent of 2,100,000 bales of cotton since 1947. For the world, the increase is equivalent to about 11,000,000 bales.

Foreign cotton production since 1947 is up over 13,000,000 bales.

Yes, cotton farmers and the whole cotton industry need to plant and sell to prosper.

The urgent need for a change in the laws was placed before Congress during the past session. In a special communication dated July 12, 1957, a special plea was again made that another year not be lost for cotton.

There is great need for making cotton competitive in price both at home and abroad. In 1956-57 the U. S. offtake was 600,000 bales under the 1955-56 domestic consumption. For the first two months of 1957 our domestic consumption was running at about 10,000 bales per month less than for the same two months of the previous year. If this decline is not stopped, the offtake by our domestic mills for the current year will be a little less than 8,500,000 bales, compared with 9,200,000 bales two years ago.

Now leaders are saying, "Cotton cannot continue to lose markets if there is to be a cotton industry."

The export sales program has demonstrated that if cotton is made competitive with rayon the inroads being made by staple fiber not only are stopped, but cotton begins to recover lost markets. In Europe it has been shown that consumers, given the choice of cotton or rayon fabrics—at competitive prices—take the cottons.

Cotton, to compete at home and abroad, must meet certain minimum requirements.

First is availability of supplies. This perhaps is as important as price, which is considered the major essential. Foreign mills and domestic mills must know that they will have ample supplies of cottons they desire if they are to stay with cotton. Mill programs are based on long range plans. Mills know that they can get ample supplies of rayon at a stabilized price. They need assurance that the same will be true for cotton.

The second element, equally as important as availability, is price. Cotton must be made competitive.

Steps need to be taken to produce more of the kind of cotton demanded by the world today. The shortest staple—and low quality cotton—needs eventually to decline to prices at which they can be used. Low grade cottons can be used by mills if the price differential is great enough to compensate for the extra manufacturing costs. They cannot be used when their price is supported at levels which make it unprofitable to use them.

## Famous Wrong Guesses

A six-year-old lad came home one day with a note from his teacher, in which it was suggested that he be taken out of school as he was "too stupid to learn." The boy's name was Thomas A. Edison.

Alfred Tennyson's grandfather gave him ten shillings for writing an elegy on his grandmother. Handing it to the lad the old man said: "There, that's the first money you ever earned by your poetry, and take my word for it, it will be the last."

"Ah!" said Zacheus Greeley, Horace's father, when in a fit of abstraction the boy tried to yoke the "off" ox on the "near" side. "That boy will never know enough to get on in the world. He'll never know more than enough to come in when it rains."

Benjamin Franklin's mother-in-law hesitated at letting her daughter marry a printer. There were already two printing offices in the United States, and she feared that the country might not be able to support a third.

## What Makes a Leader?

Leadership is not only a question of seeing ahead; it is a matter of being big enough and brave enough to go ahead. A leader must always be advancing, always struggling to make things better, to carry out some needed activity. Men will readily follow a leader, especially if he never sounds a retreat.

There is a pleasure in leadership. Most men would give up their careers if it were just a question of making money; but leadership impels them to go on.

Leadership gravitates to the persons who can shoulder it and to the man who knows how to use it. The way to become a leader is to be willing to assume responsibilities, to think clearly, cultivate vision and to work tirelessly.

## Nuggets of Thought

Good talk is like good scenery—continuous, yet constantly varying, and full of the charm of novelty and surprise.—Randolph S. Bourne.

Don't be fooled by the calendar. There are only as many days in the year as you make use of. One man gets only a week's value out of a year while another man gets a full year's value out of a week.—Charles Richards.

Every step of progress is a step more spiritual.—Mary Baker Eddy.

The art of conversation consists as much in listening politely as in talking agreeably.—George Atwell.

Some people can stay longer in an hour than others can in a week.—William Dean Howells.

## Editorial of the Week

### WHERE ARE PRISONERS?

People have a way of forgetting past evils. And one day there will be some favoring diplomatic recognition of Communist China, thus abandoning the valiant Nationalist forces driven off the mainland to the island of Formosa.

Let there be a thundering No! The way the Communists crushed freedom in China and engaged in brutal aggression in Korea is sufficient reason for the United States to withhold recognition and to oppose admission of the Peiping government to the United Nations. If another reason is needed, it is the shocking fact that Red China still refuses to shed light on 450 American service men captured in the Korean war.

Distraught relatives—even the State Department—have gotten nowhere with appeals for information. These men must not be forsaken. Our government must keep trying for their release, even though the war was over four and one-half years ago. Meanwhile, it must remain adamant against recognizing the cruel regime which holds them prisoner.—Grit.

## RECALLING Other Years

☆ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### THIRTY YEARS AGO.

Among happenings in the Hamlin community 30 years ago were the following, being news briefs reproduced from the issue of The Hamlin Herald dated April 27, 1928:

Velta Pardue, who is teaching in the schools at Sterling City, spent the weekend with her parents, Dr. and Mrs. E. A. Pardue.

General Chevrolet Company advertises the new Chevrolet roadster at \$495 fob Lansing, Michigan.

Hershel Davis and wife and son, Richard Lee, of Breckenridge and J. W. Crow and wife of Albany were here Sunday to visit Mr. and Mrs. J. R. Reynolds and other relatives.

The Acorn Store advertised the following specials: Size 20x3 1/2 tires, \$3; boys' wash suits, 69 cents; men's union suits, 79 cents; 10th deers, \$4.95.

Several new residences are going up in Hamlin. The new building are George A. Nelson, Mr. Right and W. F. Johnson.

Hard surfacing is promised by the Texas Highway Department for all the main roads of the county, according to W. R. Ely, district highway engineer at Abilene.

### TWENTY YEARS AGO.

The following news briefs, reflecting goings-on in the Hamlin community 20 years ago, are reprinted from the issue of The Hamlin Herald dated April 29, 1938:

Rev. and Mrs. C. E. Leslie of Hermleigh came over Monday to visit Mr. and Mrs. John T. Day and other friends. Before her marriage Mrs. Leslie was Mrs. J. R. Wilson of Hamlin.

The long-sought-after highway between Hamlin and Rotan was assured this week when the Texas Highway Commission issued a work order for the highway.

The Hamlin General Crude Oilers baseball team are developing into a formidable team. They have won several major games in recent weeks.

Mrs. Lenore Phillips and daughter, Anita, of Hamlin, and her brothers, Otis and Van Huling, first of the week.

Alden Cathey and Weldon Norman are guests this week in the home of Mr. and Mrs. R. H. McCurdy.

Workmen are busy on rebuilding the two Tom Vaughan buildings destroyed last week in a fire. One of the buildings will be occupied by the Carmichael brothers' Lone Star Cafe.

### TEN YEARS AGO.

Among news items of interest in Hamlin a century of 10 years ago were the following, reproduced from the issue of The Hamlin Herald dated April 30, 1948:

Stanley Carmichael was elected president of Hamlin Lions Club at the Tuesday noon luncheon.

Brad Rowland Jr. and Les Cowan, students at McMurry College, in Abilene, will represent the Indians at the Southwestern Track Meet this week-end at McMurry.

After losing their first game last week, the Hamlin Pied Piper baseball team Tuesday trimmed the Roscoe Plowboys by a score of 19 to 5.

Dr. and Mrs. J. W. McCrary have moved into their new home on West Lake Drive and will have open house to their friends Sunday afternoon.

Hamlin Lions Club will sponsor a Harley Sadler play here May 10, "Faintly Hypocrites and Honest Sinners."

Deposits in the Farmers & Merchants National Bank for the period ending April 12, 1948, were \$3,572,401.75, according to the official bank statement.

### FIVE YEARS AGO.

From the issue of The Hamlin Herald dated May 1, 1953, the following news items of interest were taken, reflecting happenings of five years ago in the Hamlin community:

Bands from Hamlin High School and Hamlin Junior High School will participate in the regional band contests of the Inter-scholastic League at San Angelo. The bands are under the direction of Walter P. Chalcraft.

Billy Splawn, 25-year-old oil field worker of Hamlin, died Wednesday about noon in an auto accident between Bandera and Kerrville. Particulars about the accident will be reported in time.

Wind and sand whipped grain and row crops in the Hamlin area for two days this week unmercifully. Much loss is reported to the crops.

## Baptists of Area to Attend State Sunday School Convention

Numbers of Hamlin area Baptists will be among the nearly 3,000 Texas Baptist Sunday School workers who are expected to attend the twenty-nine annual state Sunday School Convention, April 21 to 23 at Lubbock.

Five general sessions and 25 special conferences will be held in Lubbock's First Baptist Church. Conferences will emphasize planning, teaching, training and witnessing, said state Sunday School Secretary Andrew Allen.

Dr. Ulin W. Leavelle, professor of education and director of the McGuffey Reading Clinic at the University of Virginia will be the principal speaker for the meeting. A national authority on child education and author of the Golden Rule series of readers, Dr. Leavelle

## RUSH HOUR EPISODE.

They kept pushing him toward the rear of the bus until finally they pushed him out of the back exit door. He ran excitedly to the front of the bus and tried to get on again. And someone yelled at him and said: "Sorry, bub, but we're too crowded."

"I don't care," he yelled. "You've got to let me on or I'll get fired. I'm the driver."

The reason there were fewer wrecks in the old horse-and-buggy days was that the driver didn't depend wholly on his own intelligence.

More than 1,121,400 persons are enrolled in Texas Baptist Sunday Schools. The denomination will attempt to enroll another 100,000 persons this year, said Allen.

## Signs-of-Life Campaign Being Waged By Safety Groups for Benefit of All

J. O. Musick, general manager of the Texas Safety Association, explained this week the February signs-of-life campaign sponsored throughout the state by TSA in support of the national back-the-attack-on-traffic-accidents campaign.

## Draft Registrants Fail to Report New Addresses to Board

Anson office of the state Selective service (draft board), covering Jones, Haskell and Shackelford County registrants reports that a number of draftees have failed to keep the board informed of their change of address.

A list of these registrants is given below. Persons knowing the present addresses of these registrants are asked by Mrs. Mae L. Dunwoody, office clerk, to contact the office.

"Also, we will appreciate it if you will remind all registrants to notify their local board every time they change their address," Mrs. Dunwoody advises.

George Franklin Rhynes, Coballos Martinez, Hooks Ostrand, Peel, Bobby Eugene McKinney, Charles Lee Roy Cox, Truman Numan Sellers, Billy Wayne Vassar, D. L. Bradshaw, M. C. McPherson, Sam Douglas Breeden, Moses Cuellar Martinez, Bobby David Bailliff, Junior J. Allgood, George Wallace Dooley, Billy Joe Sanders, Thomas Jefferson Vickers, Jarvis Ranney Giddens;

Wade Kelly, Hubert Marlon Hayes, Billy Mose Bailey, Francisco Fuentes, Nicolas Alejandro, Derrell Elwyn Smith, Charles Bell Cole, R. L. Gilbert, Garland Rives Harrell, Rodolfo Diaz Rabelado, Benito R. Gonzales, Albelardo Cabrera Moncada, Filip Garcia, Billy Don Ross, James Howard Hale, John B. Steward, Jack Fredrickson and Jovito Urravaz

The Herald has carbon paper.

"The purposes of the signs-of-life program are to strengthen engineering and enforcement, to stimulate prompt recognition of the signs, signals and markings, and to encourage obedience to them and to the safety rules they represent."

Musick said these signs were not only there to inform us of the law, but for our personal protection.

The safety expert said that traffic signs are proven life savers in that they provide walkers and drivers with information needed to chart a safe course through traffic.

For those who are unfamiliar with all the modern sign language, Musick explained the meaning of the six basic sign shapes:

Octagon—Red with white lettering, means come to a full stop and be sure the way is clear before proceeding. The older before signs—octagonal, but yellow with black lettering—have the same meaning.

Triangle—Yellow with black lettering, the newest of standard signs. It reads, "Yield Right-of-Way" and requires the driver to slow down or stop, if necessary, to give right-of-way to cross traffic at intersections.

Rectangle—White with black or other color lettering, states the law: Parking restrictions, speed limits, turning and passing regulations, etc.

Diamond—Yellow with black lettering, warns of dangerous or unusual conditions ahead, such as curves, side roads, etc.

Round—Yellow with black X and RR, indicates a highway railroad crossing 300 to 500 feet ahead.

Crossbuck—Another railroad crossing warning sign, with black lettering. Erected within 15 feet of a highway-rail crossing. Many people neglect to respect the inherent dangers of a railroad crossing. Thus, approximately 2,500 people were killed in such accidents during 1957.

The Herald has carbon paper.

**LAND OF PLENTY NOW**—Marion Sansom, manager and part owner of the Sansom Ranch, looks at his fall oat crop planted in October, 1957. Two years ago during the seven-year drought that hit this area the farmers and ranchers were forced to buy feed for their cattle. During this severe drought President Eisenhower made a tour of the stricken area. Now Sansom has about 550 acres of oats coming to a head. The ranch contains about 10,000 acres and is 11 miles southeast of Point Rock in Concho County.

## Cost of Grass and Weed Control Can Be Cut by Cotton Farmer by Planning

Second highest cost item in cotton production is for grass and weed control, Hamlin area farmers are reminded this week as they make plans for their cotton crop for this season.

Fred C. Elliott, extension cotton specialist says on the average 10 hours of labor are required an acre for this one item. But, he adds, this figure can be reduced if recommended control practices are followed.

Last year the state's cotton producers saved an estimated \$16,000,000 by using rotary hoes, instead of other methods.

Rotary hoes on 44,798 extra tractors were used in 150 counties to cut more than \$15,000,000 from the hoe bill. Elliott points out that rotary hoe equipped tractors should be operated at high speed for best results, around six miles per hour.

Lateral oiling with five gallons of naphtha an acre was used on 21,000 acres in 53 counties to cut the weed and grass control cost by \$65,000, reports Elliott. The cost of application was \$1 an acre and oiling shoes with a gage wheel arrangement permitted the operators to travel at fourth gear speeds.

In one county, five gallons of naphtha an acre was applied as a fine spray on grass in the drill

bed; 95 per cent of the grass killed. This treatment cost \$1 an acre, eliminated hoeing and saved the producers a gross of \$7 an acre.

Spot treatment of Johnson grass, says the specialist, can eliminate the pest in one year while a full crop can be produced on the treated acreage.

Elliott advises cotton producers who would like detailed information on the recommended weed and grass control practices to contact their local county agent for the desired information.

## Lions Zone Meeting Discuss Redivisions

Probable redivision of districts of Lions Clubs in Texas was discussed last Thursday evening at a zone meeting of club representatives in this area held at Sweetwater. President Willard Jones and Treasurer George Campbell represented the Hamlin Lions Club.

Annual District 2-E convention will be held at Fort Worth May 30 and 31, it was announced. There are now 5,063 members in the district.

Good reports for the Hamlin club were made at the Sweetwater meeting. Nine clubs are in the zone, of which B. C. Drinkard of Roby is zone chairman.

## Careful Driver Is On Look-Out for Careless Drivers

"The careful driver is always on the look-out for the careless driver," This statement was made this week by J. O. Musick, general manager of the Texas Safety Association, as he urged motorists to cooperate with the defensive driving program of TSA.

This program is part of the back-the-attack on traffic accidents campaign designed to cut down the 1958 traffic toll. The series places emphasis on the responsibility of the driver for his own and others' safety.

"Many accidents need never have happened," Musick said, "if the innocent party had foreseen the danger in time and would have known what to do."

Musick pointed out that the driver's responsibility goes further than driving safely himself, knowing and obeying traffic laws, keeping his car in good mechanical condition and driving only when he is in good physical condition.

"A driver might do all these things and still be involved in an accident through the unsafe behavior of a pedestrian or another motorist."

"But the defensive driver goes a step further. He is always on the alert to the accident potential

of other drivers, stray pedestrians, heavy traffic and weather conditions," Musick said. "And is always expecting the unexpected."

## HIS TURN NOW.

A tramp knocked on the door of the inn known as "George and the Dragon." A hard faced landlady opened the door and the tramp beseeched, "Could you spare a poor man a bite to eat?"

"No," and she slammed the door. A few minutes later the tramp knocked again. "Could I have a few words with George now?"

## Outdoor Meals for Family Can Offer Many Cooking Variations, Club Told

Members of the Good Neighbor Home Demonstration Club met Monday, with Mrs. Buck Joiner and Mrs. L. R. Faulkenberry giving a program on "Outdoor Meals for the Family."

It was pointed out that spring is a great time for taking the families on outings. There is nothing that smells better than smoky aroma of food sizzling over charcoal as it cooks to perfection. Most enjoyable of all is the wonderful flavor that comes only from food cooked over an open fire. For family or company it is the

most friendly, casual way to have a good time.

There is no limit to the foods that take well to outdoor cooking. However, it's wise to keep your outdoor menus simple. Best ways to cook meats are: Barbecuing, broiling and pan frying. To bake it is best to use aluminum foil.

When using charcoal it is wise to start the fire about an hour before cooking. The fire should be slightly larger than the area of food to be cooked. As the flames have died down and coals show a uniform coating of white ash, it is time for the food to be placed on the grill.

It is a tidy idea to line the whole fire box with heavy aluminum foil. Afterwards, the whole thing—ashes, meat drippings and all—can be removed.

Helpful hints were given on "When to grill," "When to broil," "When to barbecue," "turning meat," and "clean equipment."

Topics were given to each member present.

Three members of the Good Neighbor Club are going to the District THEA meeting at Rotan Tuesday, it was announced. Save time by going to the meeting Thursday for a program on making things from tin cans.

Mrs. E. B. Hopper, president, had charge of the business session. Mrs. Harold Lee offered the opening prayer. Closing prayer was given by Mrs. A. G. Anderson. Mrs. Joe Simpson brought the devotional on "God's Gift to Man."

Refreshments were served to Mmes. Harold Lee, Sid Clay, F. T. Wallace, Henry Plennmons, A. G. Anderson, Bill Stewart, Grandmother Erwin, E. B. Hopper, V. Madden and the hostess, members; and three visitors, Mmes. G. B. Phillips, John Gibbons and Joe Simpson.

Next meeting of the class will be May 1 at 2:00 o'clock in the home of Mrs. Bob Christian, assistant teacher.

## Tasty, Attractive and Nutritionally Sound Meals Are Very Vital to Family

"What's the matter, Belle—hungry?"

"Well, Mom, if you'd really like to know, this food doesn't taste of anything but vitamins."

Children are severe critics, reminds Dorothy W. Whipple, M. D., in an AP newsfeature's release to The Herald. Mom had tried to have her food good for her children, but somehow she missed out on the all important fact that first and foremost food must taste good.

It is possible to prepare food that is both nutritious and delicious. It is nutritionally all that even the expert nutritionists could desire. However, it takes some knowledge and practice. If you are the mother of a family, make yourself an A-1 cook. There is great satisfaction in doing this all important job really well.

First, learn what to buy. Then learn all the tricks in cooking and serving the food sets down the throats of your family.

You will need milk. A pint a day for the baby and adults, a quart for older children and a quart and a half for adolescents. Maybe you can get your family to

drink plain milk; maybe you cannot. If you use some dried skimmed milk powder you can tuck a lot of valuable milk into lots of things you cook. Add it to a meat loaf mix it with butter or margarine and put in on bread or toast. If your budget is tight, use more dried skimmed milk and less fresh milk; it's much cheaper and has all the nutritive value of fresh milk except for the fat which you can get in cheaper ways.

Eggs your family needs—one a day for everyone is a good average. When the eggs are fried, fried, scrambled and boiled eggs, try heating an egg into the orange juice or into grape juice. Use some powdered dried eggs in cooked dishes. Serve French toast for breakfast and put apple sauce over it instead of syrup.

Always use whole grain cereals. Learn to read the labels and pick the ones that give you most in nutrition for your money. Increase the value of your cereals by sprinkling some wheat germ on each bowlful.

Use plenty of cheese. Add cheese to your scrambled eggs, put cheese in your mashed potato, grate some cheese over the meat. Stick cheese into this and that. It adds good flavor and lots of good protein.

Cook your vegetables quickly and with minimum water. They taste better and retain their vitamins and minerals. If you do have vegetable water left over, save it. Add some split peas to it and make soup.

Serve plenty of salads—good salads that the family will eat. Fruit salads with a bit of sherbet on top or vegetables with cottage cheese.

Use the glandular meats—liver, kidney, heart, brains, tripe. Most of these are inexpensive cuts, high in nutritional value and delicious when well cooked.

Don't forget fish—much less expensive than meat, but as valuable for building strong, husky children.

If you'd like a book to help you feed your family better on less money, I'd like to recommend Adele Davis' "Let's Cook It Right." Mrs. Davis has done an excellent job of translating much of our modern laboratory knowledge of nutrition to the kitchen. Her foods are not only nutritionally very good but they are delicious and not expensive.

## Care of Sick Topic of Program at Meeting Of Friendship Club

Members answered roll call with "A hobby I would like" when the Friendship Home Demonstration Club met last Friday at the oil mill guest house with nine members present.

The program was on "Care of the Sick," given by Mrs. C. Witt. It was also secret pal day.

The group made plans for a coffee to be held May 9 at the oil mill guest house to celebrate National Home Demonstration week, May 4 to 10.

Coffee and cookies were served by the hostess, Mrs. Joan Witt, to Mmes. Fred Young, R. M. Young, W. H. Murphree, Harry Gardner, M. S. Johnson, Jack Collins, Fred Carpenter and Sol Branscum.

Next meeting of the Friendship club will be April 11, when the program will be on "Aprons on Parade," and an exchange of patterns will be staged.

## Haskell and Snyder Women Speak at B&PW Club Dinner

The Easter season was predominant in decorations and the program when members of the Hamlin Business and Professional Women's Club held their dinner meeting in the Primary School cafeteria last Tuesday evening.

Mrs. Tom Teague, first vice president, presided for the session.

Speakers for the evening were Mrs. Artie Mae Burkett of Haskell, who is incoming district director, and Zada Brown of Snyder, present district director of this area.

Mrs. Burkett's theme was built around Easter and women of the Bible, which was well received by the membership and guests.

The musical program was by the Junior High School girls. The group rendered three numbers, accompanied by Mrs. Nash Miers.

Guests at the meeting were Levi McCollum and Mrs. Mixson. Hamlin High School seniors of the month, also guests, were Irene and Glenna Putnam.

Thirty-five members and guests enjoyed the program and social hour.

## Ritual of Jewels Given At Beta Theta Meet

Beta Theta chapter of Beta Sigma Phi met Tuesday evening in the home of Mrs. Arlie Cassle for its annual ritual of jewels.

Mrs. Earl Smith, president, conducted the business session, after which the ritual was held. Nine members of Beta Theta attended, and pins were presented to the club's three pledges, Mmes. Nell Laminack, D. C. Andrews and Max Murrell.

After the ritual of jewels, Mrs. Cassle as hostess served a dessert of cake and coffee.

Smooth-fitting swim suit and matching cover-up jacket feature an Everglaze cotton print. Ensemble by Rose Marie Reid is worn by Miss America 1952, Marilyn Van Deren.

## 30 Nurses of County Attend Banquet at Hamlin Cafeteria

Approximately 60 nurses from hospitals in Jones County were delightfully entertained with a banquet last Tuesday evening at the Hamlin Hotel Cafeteria.

Mrs. Erma Wallace of Hamlin, president of the county chapter, presided. Speaker for the occasion was Dr. I. E. Hudson of Stamford. Special guests also included Mrs. Duff and Jimmy of Anson, with Jimmy giving a piano selection and tap dancing. Music was by the Hamlin Combo Band, with Scarlet Kidd of Aspermont as soloist.

The May meeting of the group will be Tuesday evening, May 6, at the Stamford nurses' home, with Mrs. M. Duncan, superintendent of nurses at Stamford, speaking on "Ethics and Grooming," accompanied by the showing of a film.

## Christianity in Home Discussed at Meeting For Baptist Women

Members of the Woman's Missionary Society of the First Baptist Church met at the church Monday afternoon. The business session was conducted by the president, Mrs. Edgar Duncan. Reports from officers and committees were given and plans for the month of April were discussed.

After the business session, Mrs. Lesley Shelburne brought a devotional on "The Christian Home."

Mrs. James L. Fitzgerald then gave an interesting and inspiring talk on "The Christian Home," using Psalm 127:1 for the theme, "Except the Lord build the house, they labor in vain that build it." An attractive poster illustrated the theme.

Mrs. Fitzgerald used the letters of the word H O M E to stress the importance of a Christian home. Questions were asked and discussed, using the letters of H O M E: H—hotel or haven? O—orphans or offsprings? M—maintenance or mother? E—earth or eternity?

The meeting was closed with prayer led by Mrs. Bowen Pope.

Caliph is the name given to the successors of Mohammed.

## Christianity Is Topic Of Program Given By Literary Group

Members of the Woman's Literary Club met in the home of Mrs. O. D. Roand last Friday for a business meeting and program.

A Father Understanding of Profound Christianity" was the theme of the program. A panel discussion was conducted by Mrs. Arnold Toynbee's "Christianity

was the book chosen for the panel discussion. Those on the panel were Mrs. Duane Stalcup, Mrs. Bill Herbert Mrs. Holly Toer and Mrs. John D. Ferguson.

Two new members were voted unanimously into the club. They are Mrs. W. C. Weir and Mrs. Johnny Agnew.

## June Hill to Marry Gene Greenway Soon

Mr. and Mrs. Delmer Hill of Hamlin are announcing the engagement and approaching marriage of their daughter, June, to Gene Greenway, son of Mr. and Mrs. C. Greenway of Hamlin.

The wedding will be May 11 at 11:00 a.m. at the First Baptist Church. Friends of the families are invited to attend the wedding.

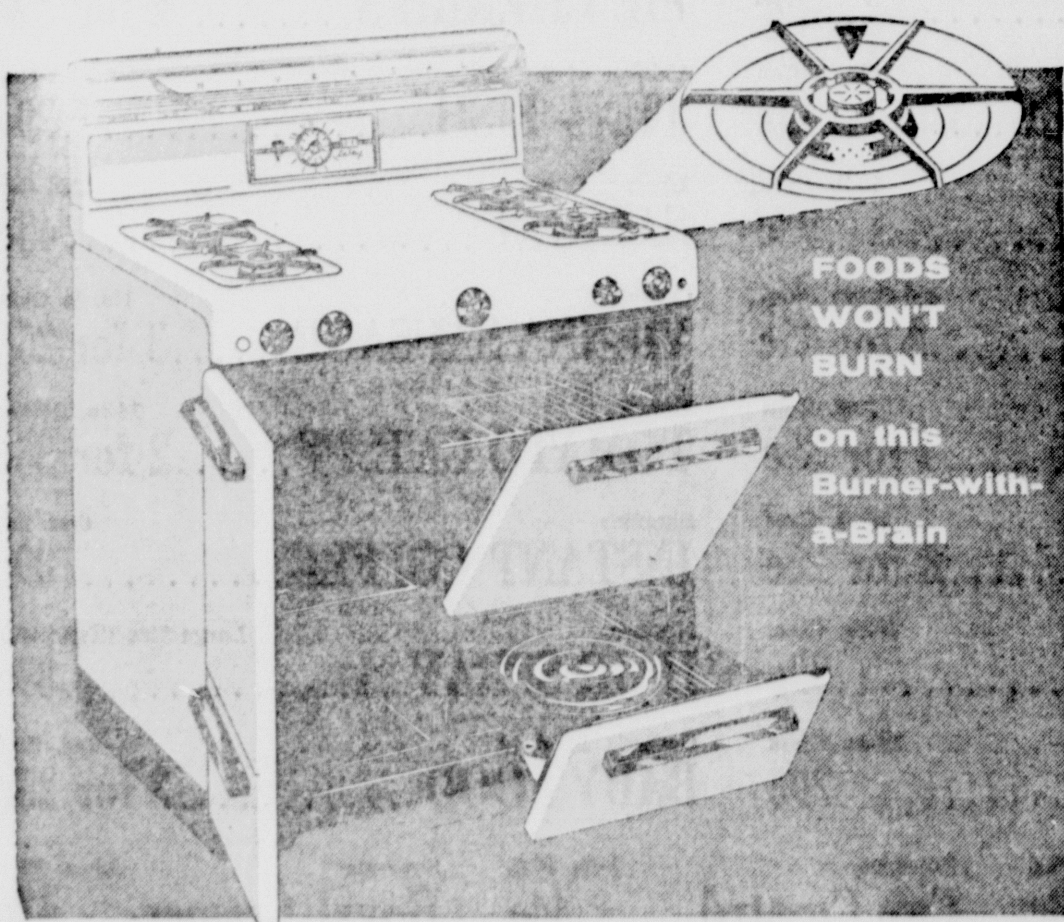

## "Do I Have to Suffer All My Life Just Because I'm a Woman?"

Not today, women don't have to bear a special cross of agony! Girl or grandchild, a special tablet can bring blessed relief from "female miseries!" "Female suffering" need never occur again for most women—not at any age! You can be free from the misery young and old used to dread! With Pinkham's Tablets you can have wonderful relief all through your life. Pinkham's unique formula was

developed especially for women's ailments. Includes blood-building iron! In doctors' tests, 3 out of 4 didn't suffer monthly cramps, backaches. Later during change-of-life, "hot flashes" subside. Even after menopause, Pinkham's Tablets help build strength-giving blood! Get amazing Lydia E. Pinkham's Tablets from druggist. Take one daily for the benefits you can get all through your life!

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin.—It's a comparatively dull season at the state capital now. About the only noticeable "sound and fury" is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the capital was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are being decided elsewhere. Next year's legislators are out "talking with the people to see how they feel."

They're at church suppers, P-TA carnivals, civic club luncheons, lodge nights and cemetery "workings." They're feeling out support, asking questions, making commitments—in your town.

Answers they get and commitments they make now will, in large measure, determine how the close votes to this time next year.

**Small Turnover Possible.**—The prospect now is mostly for familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest state-wide survey by the Texas Legislative Service shows only three senators—Ottis Lock, Searcy Bracewell and Carlos Ashley—bowing out of politics. There will be a scramble by House members for those seats.

Of the other 12 senators up for reelection only one, at last count, had an opponent. Remaining 16 in the upper house are having a "breather," since only half of the Senate runs each two years.

House of Representatives generally has a large scale assault on incumbents every election, and about a 30 per cent turn-over.

Less upheaval seems likely this year. Only about 20 representatives are not seeking reelection, including those running for the Senate. Of those running for the House again, or still undecided, only about 30 have announced opponents.

A question mark enters into race decisions this year. Whether or not legislators will have annual sessions and annual salaries will

not be decided until the constitutional amendment is voted on next November—after the primaries. For some the prospect of \$7,500 yearly is a lure. Others don't like the idea of having to be away from homes and businesses a good part of every year.

**At Last.**—Spring has finally sprung in Texas employment, bringing the long awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since December 20, showed a significant decline in the number of unemployment compensation claims. Drop was from 92,435 to 89,326.

TEC said some 14,974 had exhausted their benefits during January and February. Maximum allowed is \$28 a week for 26 weeks.

**Grow With Us.**—Some 3,000 major new factories will locate somewhere in the South within the next 10 years.

In reporting this prediction, Governor Price Daniel urged the state's new Industrial Commission to get in and pitch for a Texas sized share of the incoming wealth and job making industries.

Chairman E. B. Germany of Dallas said the commission would accept the challenge. He said the commission would study industry attracting techniques of other states and prepare a brochure on Texas' advantages.

Chief among these, said Germany, head of Long Star Steel, is a "healthy attitude" among Texans toward industry.

Commission members serve without state funds to pay for projects. Several hundred dollars in donations have been received.

If voters next November approve an amendment removing the ban on state-financed advertising, the Legislature can appropriate money for this purpose.

**"Make It Painless."**—Tax talk towers over other topics in the build-up for the 1959 legislative session.

West Texas Chamber of Commerce has added a new idea to the stacks of proposals and counter proposals being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances tied up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax laws might solve the problem without enacting new levies. "Proper enforcement," said a labor spokesman, would tax, not only real estate, but bank deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups generally have opposed the corporation tax, saying it will hamper Texas' industrial development.

## KERRY DRAKE

IN THE ARENA OF A HOT STILL OPERATING ROOM, MEDICAL SKILL DUELS WITH DEATH OVER THE MOTIONLESS FORM OF SANDY BURNS!

TWO NURSES EXCHANGE UN-EASY GLANCES, AND ALMOST IMPERCEPTIBLY, ONE SHADES HER HEAD!

WHILE OUTSIDE, KERRY DRAKE AND SANDY'S PARENTS WATCH... AND WAIT!

trial development. Some have proposed a general sales tax.

Tax Study Commission already has issued two of a series of eight to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates are treading delicately around the subject. One said in his announcement that he opposed a general sales tax and a state income tax and that "if additional taxes have to be levied, let's make it as painless as possible."

**Good Roads Ahead**—State Highway Commission has given approval to final phase of a 1959-60 state highway building program to cost \$319,000,000.

It calls for immediate spending of \$9,200,000 for right-of-way buying under the new 50-50 cost sharing plan between state and local governments.

First phase of the advanced planning program was approved in February. Second phase covers 1,630 miles of roadway in 13 districts at a cost of \$140,000,000. This does not include future work on farm-to-market roads and interstate highways.

**Short Snorts.**—State Selective Service headquarters has asked local draft boards to send up 4,247 men for pre-induction physical exams during May. It will be the second successive month of high quotas—highest since the Korean War—to replenish pool of potential military manpower. Price index of Texas farm products rose two per cent from February to March reports U. S. Department of Agriculture. Crops rose three per cent, livestock one per cent.

Maybe the reason advice is so cheap is because there is so much of it.

## Good Crowds Attend Church of Christ Meet

Good sized crowds are attending the series of evangelistic services underway at the Hamlin Church of Christ, reports Austin Siburt, minister. The services will continue at 3:00 and 7:30 p. m. daily through Saturday and at 10:50 a. m. and 7:30 p. m. Sunday.

Doing the preaching in the services is Rex Kyker, head of the speech department at Abilene Christian College. Rodney Spaulding of Hamlin, student at ACC, is directing the singing.

## Willingham Bought New Angus Breeders

Tariton Willingham and son of Hamlin recently purchased 44 pure-bred Aberdeen-Angus cows and a registered Angus bull from the Scales Angus Farm at Wales, Tennessee.

The Willinghams have ranches in Fisher County west of Hamlin for many years.

Coffee is about two per cent caffeine, tea from two to 2.5 per cent.

## RETURN FROM CALIFORNIA.

Mr. and Mrs. Harold Bonner returned Friday from a three-week visit with Mr. and Mrs. E. D. Dever of Buena Park, California. They also visited Mr. Bonner's mother, Mrs. Z. D. Bonner, at Carlsbad, New Mexico, and a brother, L. A. Bonner, and family at Duncan, Arizona.

100 pound bag, \$125.00, all prepaid. Mail your check or money order today for immediate, prepaid delivery.  
A. B. CONNER & SONS  
Box 655 Spur, Texas

## Senator David W. Ratliff of Stamford Makes Statement About Reelection

In announcing his candidacy for reelection as state senator from the 24th Senatorial District, David W. Ratliff of Stamford makes the following statement:

During the first three months of this year I have traveled throughout the counties comprising the 24th Senatorial District of Texas. I have visited every area and community in the district and have attempted to talk with as many people as humanly possible in such a short period. I regret that I have not been able to see and visit with more of the citizens of this district, but I am hopeful that the ensuing two months will give me that opportunity.

It has been my purpose to assemble the cross-thinking of the people of the district and obtain grass-roots opinions in order that I can more ably serve the district as state senator.

I have discussed water problems, highway situations, hospital needs and the imposing tax problems with men and women in every walk of life. Out of the experience of these visits I am more humbly conscious of the grave responsibility with which the next regular session of the Legislature will be faced.

There is no question that in this period of economic instability there is a keen and profound need for state government stability. That stability can be gained only through sane, sober and mature deliberations by the two bodies composing our state legislative branch. As a member of the nine-member State Tax Study Commission I am particularly conscious of the possibility, actually the probability, of the imposition of new tax burdens on the people of this state. During my eight years in the Legislature I have consistently opposed the imposition of new taxes. I have particularly opposed the levying of puni-

ty taxes. It is my hope and belief that from the information being gathered and studies being made by our commission, any new taxes recommended to the next session will be most equitable and less damaging to the individual.

The study commission of which I am privileged to be a member has paramount in mind the responsibility of reducing or eliminating wasteful and extravagant state expenditures before even contemplating the levying of new taxes.

Out of the visits with the citizenry of this senatorial district it is my true and genuine belief that the most fundamental desire of the majority of the people is that king-makers and lobbyists of the CIO-AFL not dictate the policies of state government or control the political future of Texas. I unreservedly pledge to defend the structure of our political system and the operation of our state government against the potential invasion of stooges and candidates selfishly sponsored by the political action committees of Walter Reuther.

The people of this district extend me a great honor by allowing me the privilege of serving the unexpired term of the late Sena-

## Mrs. Bahia Hassen Dies Saturday in Hamlin Hospital

After a residence in Hamlin of more than 30 years, Mrs. Bahia Kalli Hassen, 48-year-old native of Lebanon and owner of Hassen Dry Goods Store, died shortly before noon Saturday in the Hamlin Memorial Hospital after an illness of about two weeks. She had undergone major surgery in a Houston hospital several weeks ago.

A daughter, who has been in Lebanon for a year, arrived only three hours after death claimed her mother. She is Mrs. Winnie Fae Dakour.

Born on May 15, 1909, in Lebanon, she married in 1924. They came to this country shortly after their marriage, settling in Hamlin in 1927. Mr. Hassen died in 1947.

Mrs. Hassen was a member of the First Methodist Church and was a member of the Eastern Star Lodge.

Funeral services were conducted Monday morning at the First Methodist Church, with the pastor, Rev. Edmund W. Robb, officiating. The body was taken to Sulphur, Oklahoma, Monday afternoon for burial beside her husband.

Survivors include five daughters, Mrs. Selma Sadak and Mrs. Gamille Sadak of Washington, D. C., Mrs. Winnie Fae Dakour of Lebanon, Mrs. Nozik Terrell of Anson and Nada Kaye Hassen of the home; five brothers, Naim Naime of Mexico City, Salim and Wadi Naime of Venezuela, and Jimal and Haleem Naime, both of Lebanon; three sisters, Waide Naime of Venezuela, Jimella Naime and Fedwa Naime, both of Lebanon; and nine grandchildren.

### H-SU STUDENTS VISIT.

Gene Steele and his roommate, Palmer McCown, of Hardin-Simmons University at Abilene, were here for the Easter holidays visiting young Steele's parents, Mr. and Mrs. Virgil Steele, and his grandmother, Mrs. Etta Stephenson.

for Harley Sadler. My family and I are deeply grateful for the many experiences of friendship which were afforded us through this opportunity of public service. It is our deepest hope that my conduct as state senator has never and never will cause embarrassment or disappointment to any of the people I represent.

I respectfully and humbly ask the voters of the 24th Senatorial District to allow me a second term in the state Senate, and prayerfully pledge that I will serve faithfully and honestly and will cast my votes in every instance in a manner in which I believe to be in the best interest of the majority of the people.

**FISHERMEN CASH IN ON WHITE BASS RUN**—Emory Hoggan (left) and F. M. Pauls of Austin got into a nice school of and exhibit their near limit stringers. The fish were taken on spinning tackle with live minnows, fished over a gravel bar, white bass on the Pedernales River west of Austin this week. They and scores of anglers in that area have had extraordinary luck as white bass go into their annual spawning frenzy.

## Many Vehicles in Area Are Yet to Be Safety Checked

With only a week left before the April 15 deadline, it was estimated Tuesday that 1,000 to 1,500 motor vehicles operating in the Hamlin territory were still without safety inspection stickers for 1958, it was disclosed in a check-up by The Herald.

The six inspection stations in Hamlin had inspected and placed on approximately 1,800 cars first of the week. If the rate of inspection is about the same in other communities, it would mean there were probably 3,500 cars and trucks in the county still to be inspected.

Roughly, one out of five Texas automobiles had not been inspected first of the week as required by state law, and there remain only four working days prior to the inspection deadline on April 15, according to a Texas Department of Safety release to The Herald.

Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, said this week that some 600,000 motor vehicles must still pass through the inspection lines prior to that date if their owners are to avoid being handed tickets for violation of the motor vehicle inspection law. Enforcement will begin April 16, he said.

### VISITS FROM BETHANY.

Paul Rogers of Bethany, Oklahoma, groom-to-be of Janet Higdon, was a guest in the home of Mr. and Mrs. R. W. Higdon, parents of the bride-elect.

## Baptist Youths of County to Meet in Stamford Session

Youths of Baptist churches of Hamlin and this area will go in big numbers to a Youth Night celebration April 12 at the First Baptist Church in Stamford. The evening's program will climax the annual Youth Week of the Jones County Baptist Association, being observed in the 29 Baptist churches of the county April 6 to 13. Bryan Shelburne is chairman of the rally committee in Hamlin.

A pot luck supper will be served at 6:30 p. m., followed by recreation at 7:00 p. m. and a program beginning at 7:45 p. m. Mrs. W. T. Gambill, associational and district Training Union director, announces.

The program is especially for the intermediates and young people in the association, but adults are invited.

Baskets of food will be brought and spread and served on the church lawn at 6:30 p. m. Recreation will be conducted by Billy Shirley, teacher at Hardin-Simmons University at Abilene, and Dale Coody, a senior at H-SU.

Reggie Sylvester of Avoca, young people's leader in the associational Training Union organization, will preside. He is chair leader at the Avoca Baptist Church.

## Phillips TU Group Meets at Church for Monthly Social Meet

Members of the Phillips Training Union group of North Central Avenue Baptist Church met last Friday evening in the educational building at the church for their business and social gathering for the month.

Mrs. Harold Lee opened the meeting with prayer. Mrs. D. A. Mullings, president, had charge of the business session, which was followed by a sing-song led by Mrs. E. B. Hopper.

Mrs. A. G. Anderson brought the devotional, reading from Matthew 5. Closing prayer was given by E. B. Hopper.

The hostesses served cake and ice cream to 10 members and four visitors.

Next meeting of the group will be in the home of Mr. and Mrs. A. G. Anderson on Tuesday evening, May 6.

## Record 1,568 Attend Sunday Schools of Churches Easter Sunday

Another record attendance for the year was established by Sunday Schools of Hamlin churches Sunday when a total of 1,568 was tabulated by the 13 reporting churches. Only two churches reported a decline from the previous week. The 1,568 total was 232 more than the year ago figure.

Attendance, by churches, for April 6, March 30 and a year ago follows:

Churches	Apr. 6	Mar. 30	Year Ago
First Baptist	452	414	418
No. Cen. Baptist	115	85	64
Oak Gr. Col. Baptist	103	64	57
Mexican Baptist	50	60	80
Ch. of Nazarene	125	89	75
First Methodist	254	207	192
Four-square	72	62	62
Faith Methodist	42	58	42
United Baptist	73	44	53
Church of Christ	172	159	160
Calvary Baptist	91	50	67
United Pentecostal	9	9	17
Assembly of God	42	37	49
<b>Totals</b>	<b>1568</b>	<b>1338</b>	<b>1336</b>

Nature is grand so long as men and women leave her alone.

## New Church Will Be Organized

A Primitive Baptist Church meeting will begin Saturday night at 8:00 o'clock and continue through Sunday night at the Doyle community church, five miles east of Hamlin. We are expecting several visiting preachers. Services will be at 11:00 a. m. Sunday and 7:30 p. m.

At 2:30 o'clock Sunday a Primitive Baptist Church will be organized. When the church is organized we will call Elder Fred Boen for our pastor.

The public is invited to the services.

## Estimated 21 from County Called to Take Physicals

An estimated 21 men from Jones County were to be asked this week to appear for pre-induction physical-mental examinations in May through the draft board at Anson.

Texas draft boards were being asked to forward 2,247 men for pre-induction physical-mental examinations in May, Colonel Morris S. Schwartz, state selective service director, said Friday.

At the same time, the 137 boards scattered across the state were requested to forward 677 men in May for induction into the Army. State selective service headquarters mailed the board quotas Tuesday.

This is the second month the pre-induction examinations have run at a relatively high figure, the biggest since the Korean war. The April quota of 4,311 was announced earlier. January through March the monthly quota has been around 2,000 a month.

Reason given by the state director for increasing the number of examinees is to replenish the examined and acceptable pool of potential military manpower in Texas.

The May induction call of 677 men is the state's share of a national call of 13,000 all for the Army. Most of those inducted will be 22 years old. None younger can be called up unless they are volunteers or delinquents.

## H-SU Official to Fill First Baptist Pulpit

Dr. Dwayne Amburn, assistant to the president and handling public relations for Hardin-Simmons University at Abilene, will be in the pulpit at both services at the First Baptist Church Sunday, according to the pastor, Rev. Calvin Bailey.

Bailey is this week doing the preaching in a revival meeting at the First Baptist Church in Albany. He will return to his pulpit Sunday, April 20.

## HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: J. J. Handley, medical, March 29; Mrs. J. B. Suggs of Aspermont, surgical, March 30; Leland Workman of Aspermont, medical, March 31; Mrs. Roy Roquemore of Sylvester, medical, March 31; Mrs. Ray Gilley of Aspermont, medical, March 31; Mrs. Jackie Williams, medical, March 31; Mrs. C. R. Browning, medical, March 31; J. T. Mehaffey of McCauley, medical, March 31; Mrs. Gerald Tabb, medical, April 1; Bobby Jim Hawkins of Aspermont, medical, April 1; J. L. Flowers, surgical, April 1; Mrs. R. T. Spencer, medical, April 1; Bennie Ford, medical, April 1; Mrs. Joe Orona, medical, April 1; Mrs. Bobby Westmoreland, ob., April 2; Mrs. Jim Anderson of Aspermont, April 2; Mrs. Ed Lewis, medical, April 2; Mrs. Billy Joe Wilson, medical, April 3; Mrs. Earl Brown, surgical, April 3; Cindy Bryant, surgical, April 3; A. G. Miller, medical, April 3; Paul Waggoner, medical, April 3; Mrs. Roscoe Perryman, medical, April 3; Mrs. W. W. Green of Odessa, medical, April 4; Mrs. Woodrow McHugh, medical, April 4; C. V. Langford of Anson, medical, April 4; Bob Haynes, medical, April 4; Mrs. Eldon Prescott of Aspermont, medical, April 5; Minnie Hayes, medical, April 5; Mrs. Bertha Stevenson of Sylvester, medical, April 5; Mrs. Freddie Rasberry of Rotan, medical, April 5; Mrs. Nell Laminack, ob., April 6.

Patients Dismissed—Mrs. John Beck, March 31; R. F. Decker, April 4; Mrs. Ed Townley, April 3; Tom Campbell, March 31; Mrs. Jean Elliott, April 2; Mrs. B. H. ### MRS. ABSHER AT HOME.

Mr. and Mrs. Joe A. Simpson went Saturday to Las Cruces, New Mexico, to meet their daughter, Mrs. Charles Ray Absher, and husband. Mrs. Absher accompanied the Simpsons home for a several-month visit while Absher does special duty in Washington, D. C., with the Army.

Diplomacy is letting someone else have your way.

## Mrs. George White Dies in Arizona After Brief Illness

Death came unexpectedly Saturday night to Margie Ruth White, 26-year-old wife of an oil well driller and former Hamlin resident, in St. Joseph's Hospital in Phoenix, Arizona, after an illness of about a week. The family lived at 1001 N. 10th St., Phoenix.

Born January 2, 1932, at Littlefield, Mrs. White was the daughter of Mr. and Mrs. Oddis Hallmark of Hamlin. She was a graduate of Hamlin High School. She

on December 31, 1949. The young couple had lived in Arizona about two years.

Funeral services for the young woman will be held at 3:00 o'clock at the First Baptist Church in Hamlin. Officiating was the pastor, Rev. Calvin Bailey.

Burial was in the Hamlin East Cemetery under the direction of the Hamlin Funeral Home.

Surviving Mrs. White are her husband; two sons, Rusty and Rodney; and one daughter, Rhonda. Her parents, Mr. and Mrs. Oddis Hallmark of Hamlin; two brothers, Oddis Hallmark Jr. and Billy Wayne Hallmark of Hamlin; one sister, Mrs. Glenda Underwood of Phoenix, Arizona.

### VISIT FROM ABILENE.

Mr. and Mrs. James Eddie Jay of Abilene visited relatives last week-end at Hamlin.

## Baptist Women Go to Abilene WMU Clinic

Several Baptist women of the Hamlin area are due to be in Abilene today (Thursday) for a training workshop for members of the Woman's Missionary Union of District 17 of Baptist General Convention of Texas.

Thirteen state-wide leaders of the WMU will help conduct the workshop, to be held in the First Baptist Church of Abilene starting at 9:30 a. m. Most of the five-hour session will be devoted to special conferences for leaders in all phases of the WMU program, says Eula Mae Henderson, state WMU secretary of Dallas.

Special emphasis will be given, she said, to program planning, enlistment, stewardship and community missions work.

### HUDSONS HAVE GUESTS.

Easter holiday guests in the home of Mr. and Mrs. M. T. Hudson included: Major and Mrs. Earl C. Misener and sons, Bobby and Richard, of Fort Polk, Louisiana; Mr. and Mrs. Walter Chalcraft of Abilene; Mr. and Mrs. Jim Hudson of Odessa; Mrs. Alvin Hudson, Terry, Debbie and Linda of Odessa; Mr. and Mrs. J. M. Harlow and children, Randy and Jill of Abilene; Mr. and Mrs. Charles Williams of Abilene; Mr. and Mrs. J. E. (Whitey) Griffin of Lamesa; Mr. and Mrs. Donald Grizz and children, Mary, Sandy and Gary, of Lamesa; Mr. and Mrs. Leonard West and children, Karen and Joe Dean, of Big Spring; Pearl Hudson, John Hudson, Mr. and Mrs. A. Hudson and Mrs. R. V. Teague of Hamlin.

## First Methodists Set Goal of 300 for SS

Sunday School Night will be observed this (Thursday) evening at services of the spring revival underway at the First Methodist Church, says Rev. Edmund W. Robb, pastor. The services will continue through Sunday, when a goal of 300 has been set for Sunday School.

Doing the preaching is Rev. Don Davidson, pastor of Asbury Methodist Church at Lubbock. Services are held at 7:00 a. m. and 8:00 p. m. Breakfast is served each morning at 6:30 by members of the men's Bible class.

### VISIT FROM DALLAS.

Mrs. Robert Burns and daughter of Dallas were guests of Mrs. Burns' mother, Mrs. H. C. Hodnett, and other relatives. Mrs. Hodnett returned home with them for a month's visit.

### VISITS FROM LUBBOCK.

Angela Malout, who is employed in Lubbock, was home for the week-end, a guest of her parents, Mr. and Mrs. George Malout.

## Hub Hopper Buys in Barber Shop . . .

## Many College Students Come Home For Easter Holidays with Homefolks

Most Hamlin community young people who have been away at college and university were at home for the Easter holidays for visits with homefolks and friends.

Among those checked by The Herald staff who were at home included the following:

From Hardin-Simmons University at Abilene—Barbara Durham, Gene Steele and Robert Altum.

Tarleton State College at Stephenville—Fayma Downey and Sonny Winegart.

Bethany Nazarene College at Bethany, Oklahoma—Janett Hinton, Johnny and Elizabeth Norton.

San Angelo Junior College—Mary Ann Willbanks.

Sul Ross State College at Alpine—Lavere Wilson, Clarence Parker, Bobby Beale and Barbara Bell.

McMurry College at Abilene—Laveta French, David Hewett, James Boyd, James Crowley, Douglas Ford and Ronnie Parker.

Texas Christian University at

## Lions Urged to Into Professions Take Christianity

"Take Christianity into your business, your farming or your profession," members and guests of the Hamlin Lions Club were urged by Rex Kyker, when he spoke at the Tuesday noon luncheon meeting of the civic group at the oil mill guest house.

Kyker, head of the speech department of Abilene Christian College, who is conducting a series of services at the Hamlin Church of Christ, spoke on "What Are You Doing with Your Life?"

When one lives all his life and does not glorify God, his life is empty, asserted the speaker. He urged his hearers to so live their lives in God's purpose that when we come to their conclusions, we can say like the missionaries to Thailand, "We wouldn't be anybody else, anywhere for anything in the world."

Chairman E. J. (Andy) Anderson of the electric light bulb sale recently conducted by the Lions said that the drive is about completed. Nearly \$200 was made in the campaign.

Two Hamlin Lions, it was reported, attended a zone meeting at Sweetwater last Thursday.

Besides the speaker, other guests at the Tuesday luncheon included Rev. Don Davidson of Lubbock and Rev. Edmund W. Robb.

MARLON BRANDO AND MIKO TAKA, stars of Warner Bros. filmization of James Michener's best seller, "Sayonara," technicolor and technicolor presentation playing Sunday, Monday, Tuesday and Wednesday at the Drive In Theater, are shown above in a scene from the film. Patricia Owens, Red Buttons, Miyoshi Umeki and Ricardo Montalban also star in the film. Joshua Logan directed and William Goetz produced the feature.

## Funds from Prison Rodeos Help to Construct Chapels

Proceeds from the annual Texas Prison Rodeos, amounting to as much as \$100,000 per year, have been used to build several beautiful chapels for the system, declared Dr. Albert Lundy, teacher of sociology at Hardin-Simmons University at Abilene, who spoke at last Wednesday's Rotary Club luncheon at the oil mill guest house.

Dr. Lundy has made a study of the Texas prison system as part of his courses at H-SU, and has carried a number of his classes through the system. He declared that the system should no longer be referred to as a prison system but as the Texas correction system.

"Ten years ago Texas' correctional system was near the bottom of systems in the country as far as standards, equipment and methods were concerned," stated Dr. Lundy. "Now the system is near the top, thanks to the administration of O. B. Ellis and others."

There are about 10,000 men and 300 women at the 12 institutions in the state. However, the proportion of women prisoners is fast increasing, he said. The system requires about \$8,000,000 a year to operate, but only about \$2,000,000 is appropriated by the state, inasmuch as most of the operation and maintenance costs come from revenues produced by the inmates. Eighty per cent of the food used by the prisoners is produced on the system farms.

Most of the people connected with the correction system are opposed to capital punishment, Dr. Lundy said.

Besides the speaker, other guests at the Wednesday luncheon included L. L. Park and Bob Martin of Sweetwater, Hiram Arant and Dave Dillard of Abilene, H. G. Andrews Jr. and W. J. Jenkins of Stamford, June Jones of Abilene, Mrs. Willard Jones and Hub Hopper; Don Rowland, Junior Rotarian for March; and Charles Jenkins, Junior Rotarian for the month of April.

C. L. Howard and Howard Wells were installed as new members of the Rotary Club by Tate May, charter member of the local club.

## District 4-AA Tennis Meet Set at Hamlin

District 4-AA tennis tournament will be conducted Saturday at Hamlin High School. Representatives from all five schools in the district are expected to participate in the events, which will feature both boys' and girls' singles and doubles matches.

Four good concrete tennis courts were constructed last year in Hamlin by the schools and some fast matches are scheduled to be played here this week-end. Hamlin High School will have teams in all divisions, says Coach D. C. Andrews.

## Pied Piper Baseball Crew Loses First Tilt To Rotan by 11 to 10

Baseball crew of Hamlin High School played their first game of the season last Thursday afternoon and lost to the Rotan High School Yellowjackets by a 11 to 10 score after two extra innings in the tilt.

Scheduled for only seven innings, the game was tied 8 to 8 at the end of the seventh. Both teams scored twice in the eighth, and Rotan made an unearned run in the ninth frame to take the fray 11 to 10.

The winning run came after the first man up got on first when the batter hit the catcher's mitt; he stole second; then went to third on an infield out; and went home on a catcher's error.

Don Drummond started on the mound for the Pied Pipers, with Ray Williams catching. Marcus Fletcher and Mike Bond also saw pitching duty in the game.

John Richey got three hits out of four trips to the plate; Mike Bond connected with three out of five, as did Wesley Cummings.

## Cotton Reserve

(concluded from page one)

(1) The farmer is able to clearly establish that he took positive action in an attempt to file an agreement or place his name on the application register within the sign-up period; (2) there are sufficient funds left to cover such agreements after all timely applications are taken care of; and (3) the farmer files a certification with the ASC office not later than April 18 setting forth the positive action taken to sign an agreement within the sign-up period.

Examples of positive action on the farmer's part of sign an agreement might be: (1) He went to the county office to register or sign an agreement but heard that there would be no money available; (2) he went to the county office to sign an agreement but the line was too long, etc.

Examples of cases which cannot be approved because they show a lack of positive action include: (1) The farmer heard that funds were exhausted; or that he thought too many farmers had been in ahead of him; (2) he was out of the county or too busy to call at the county office within the sign-up period, etc.

Each certificate shall be reviewed and approved or disapproved by a member of the county committee, Jones declares.

## Omar Burleson Says He Will Run Again For Congress Position

Representative Omar Burleson of Anson Saturday announced his candidacy for reelection as congressman from the 17th District.

Burleson made the announcement at Washington before flying home to spend Easter with his mother, Mrs. J. M. Burleson, in Anson. He said he expects to be in the district for about a week, returning to Washington at the end of the Congressional Easter recess.

Burleson, who has been congressman since January, 1947, said he had filed the necessary papers as a candidate for reelection in the 14 counties of the district. The Texas Legislature last year added two additional counties to the 17th District, they being Parker and Scurry Counties.

## Story About Texas Being Shown at Ferguson Theater

The story out of Texas as told by Director George Stevens, who recently returned to Hollywood after filming important scenes for his Warner-color production of "Giant," starring Elizabeth Taylor, Rock Hudson and James Dean, is that a rattlesnake in the hand is worth 100 in the bush.

The filmization of the Edna Ferber best selling novel makes its long awaited premiere at the Ferguson Theater Wednesday, Thursday and Friday.

Stevens, who is known for his outstanding direction of films such as "A Place in the Sun" and "Shane," ran into unforeseen difficulty during the "Giant" shooting. One of the scenes called for two good sized rattlesnakes to make their screen debut but as fate would have it, there wasn't a snake to cast.

The Warner Bros. property man in whose crafty hands all such problems are placed, was fortunately one of those New Yorkers who know how to catch a taxi on a rainy day. With this type of background, he rode out over the Texas prairie in search for two snakes, destined to one day see their names in lights.

Unfortunately the man from Warners' couldn't come up with even one snake sizeable enough to fill the role, and, believe it or not, ended up buying two well-fed rattlers from a local snake fancier who seemingly had cornered the market on Texas snakes. Someone was heard to say, "Some paradise Texas—you can't even find a snake."

"Giant," produced for Warner Bros. presentation by George Stevens and Henry Ginsberg, was three years in the making. It has already been spoken of as one of the greatest and most exciting motion pictures ever to be made.

Being a column in which the publisher just "blows off the steam."

By Willard Jones

REX KYKER, head of the speech department at Abilene Christian College, who spoke at the Lions Club luncheon Tuesday at noon, prefaced his remarks with the observation that, several months ago when he spoke at a Kiwanis Club meeting in Jacksonville, Florida, he was presented a scroll when he rose to speak. Having never received a scroll, he said, he hastened to read it. It bore these words: "You may speak as long as you like, but the Kiwanis members will be leaving at 1:00 o'clock."

Also observing that there were several ministers present for the luncheon, he declared that "Some farmers need to stop farming and go to preaching in order to let God have His way in their lives; and certainly some preachers need to stop preaching and go to farming."

A WISE OLD MAN, who had lived buoyantly through four score years, was asked, "Which is the happiest season of life?"

He replied thoughtfully, "When spring comes, and in the soft air the buds are breaking on the trees, and they are covered with blossoms, I think, how beautiful is spring! And when the summer comes, and covers the trees and bushes with heavy foliage, and singing birds mingle with the branches, I think, how beautiful is summer! When autumn loads them with golden fruit, and their leaves bear the gorgeous tint of frost, I think, how beautiful is autumn! And when it is so cold, and there is neither foliage nor fruit, then when I look up through the leafless branches and see, as I can see in no other season, the shining stars of heaven, I think, how beautiful is the winter of life!"

DR. ALBERT LUNDY, instructor of sociology at Hardin-Simmons University in Abilene, who has made a study of the Texas prison system, spoke at last Wednesday's luncheon meeting of Hamlin Rotary Club. He gave many interesting facts and sidelights about the system, including the statement that it is now referred to as the Texas correction system.

"It costs about \$1,100 a year to maintain a boy at the Gatesville Training School—about the same that it requires to send him to college," asserted Dr. Lundy.

He pointed to many changes in methods at the 12 institutions of the state for correction. While meats and sweets are rationed to moderation, inmates may have all the food they want, Dr. Lundy said—except where minor punishment for infractions of prison rules are invoked.

In talking about the Texas Prison System Redec held each October, he said that a gag at last year's performance was the appearance of Bascom Giles on "Easy Money."

A HAMLIN SPINSTER was outlining to a prospective worker the kind of a fellow she wanted to help her about her place.

"I want a man to do odd jobs around the house, run errands and mow the lawn. I want a man who will never answer back and always do what he is told. Now, if you can do all this, the job is yours."

"Ma'am," said he, "you ain't lookin' for a handyman, you're lookin' for a husband!"

PERT PARAGRAPHS picked up here and there by this columnist, which he deems worthy of reprint, include:

An awful lot of young men have learned that stealing kisses can lead to a life sentence.

A man who goes to a party and tries to be the whole cheese usually is considered the offensive kind by the other men.

Most of the American profanity, 'tis said, was used 700 years ago, and it's not likely we'll ever wear off.

Home work is what an awful lot of youngsters discover they have to do just when they're supposed to be getting into bed.

A successful past often comes a mighty handy for future references.

Gossip travels far because there always are a lot of women willing to carry it.

Breakdowns come to people who worry too much about not knowing how not to worry.

FAMOUS OBERAMMERGAU PASSION PLAY will be presented at the Abilene High School auditorium on Friday, Saturday and Monday evenings, April 18, 19 and 21, and Sunday afternoon, April 20, under auspices of the Abilene Junior Chamber of Commerce, according to Brad Rowland Jr., chairman of publicity for the jaycees. Tickets, which are on sale at Passion Play Headquarters, are \$1.20, \$.80, \$.25 and \$.30. Student tickets are 50 cents for Friday and Monday matinees.

## Kirby W. Clayton Is New County Agent

Kirby W. Clayton, who until recently was serving as county agricultural agent of Cottle and King Counties, Monday assumed his new duties as Jones County agent. Announcement was made last week in a joint statement from the Jones County Commissioners Court and J. G. Simmons, Texas A. & M. College Extension Service.

Clayton succeeds W. H. Lehnberg, who transferred to Wilbarger County as agent on April 1. Clayton has been employed with

## House-to-House Drive By Cancer Crusade Teams Set Thursday

Cancer Crusade teams will make a house-to-house drive in the three larger communities of Jones County next Thursday, April 17, it was announced Wednesday by Ed Sprowls of Anson, county chairman.

Canvasses of the residential districts of Stamford, Hamlin and Anson are all scheduled to begin at 7:00 p. m. and end at 8:00 o'clock.

Chairmen for this phase of the crusade are Mrs. C. T. Dodson for Stamford, Mrs. Edgar Duncan for Hamlin, and Mrs. Herman Funder for Anson.

The two-fold aim of the drive this year is to reach the public with life-saving cancer facts, and to raise enough money to step up research projects.

## Expanded Farm Housing Loan Plan To Speed Building and Aid Economy

An expanded farm housing loan program, designed to speed up farm building construction and improvement, as well as act as an additional anti-recession measure, was announced this week by Walter T. McLeary, Farmers Home Administration state director, according to Thomas M. Nanny, the agency's local county supervisor, with offices in the basement of the post office building at Anson.

Now an owner of a farm in agricultural production and on which the operator plans to produce at least \$400 worth of farm commodities for sale or home use may qualify for the four per cent long

## Car Registrations in County Short of 1957

More than 8,000 Jones County motor vehicle owners got under the wire by closing time last Monday to register for the 1958 car license plates, declares Ima B. Dougherty, tax assessor-collector at Anson.

But the total of 8,121 registered before the deadline was short of the 1957 total by some 2,000, indicating that a number of cars and trucks were to be registered.

This year's registration up to last Wednesday included 6,138 passenger cars, 1,274 commercial and farm trucks. Registrations in 1957 were 7,875 passenger, 1,700 commercial and 800 farm trucks.

# Tuxedo Farmer Burned to Death as Home Destroyed

## George Thomas Held on Murder Charge at Anson

George Thomas, alias George Davis, 55, was still in jail at Anson Wednesday awaiting a preliminary hearing on a charge of murder following a fatal shooting about 6:30 p. m. Sunday in Pete's Cafe in Northeast Hamlin.

Milton (Pete) Davis, also about 55, was the victim. He was pronounced dead upon arrival of a Hamlin doctor at the cafe after the owner of the business, a woman, called the doctor.

A number of people who were in the cafe at the time of the shooting witnessed the event. No one, including Thomas, could give a satisfactory cause of the altercation.

Thomas was arrested at the cafe shortly after Jones was shot twice. A pistol believed to have been used in the shooting was recovered.

The charge of murder was filed in justice court and will be investigated April 21 by the grand jury for 104th District Court.

Investigating the case were Sheriff Dave Reeves of Anson, Hamlin Police Chief E. B. Watson, Policeman Leland Server, Highway Patrolman Oscie Renfro of Stamford and Justice of the Peace J. B. Eakin of Hamlin.

## 10 Hamlin Nurses to Get Certificates and Pins at Tuesday Rites

First class of graduates from the vocational nurses training school operated at the Hamlin Memorial Hospital is scheduled to receive certificates in special exercises next Tuesday evening at the Faith Methodist Church, according to Mrs. Elizabeth Kraft, registered nurse, who has been instructor for the group while serving as superintendent of nurses at the hospital.

The services will begin at 8:00 o'clock, when Rev. Henry C. Adair, pastor, will give the invocation. Music will be arranged by Mrs. J. W. McCrary. Talks will be given by Dr. J. E. Hawkins and Louie Cunningham, members of the hospital staff.

Mrs. Kraft will present certificates and nurse pins to the 10 graduates.

Scheduled to receive the certificates and pins are Mmes. Cecil Brown, Viola Brown, Bernice Nunley, Ruby Perryman, Mary Major, Donna McCain, Christine Wilcox, Earlene Williams, Leona Teichman and Lola Jenkins.

The public is invited to attend the services, Mrs. Kraft announces.

ARRIVE FOR WRIT HEARING—Some of the 35 Cuban Rebel sympathizers who were arrested in the Gulf of Mexico near Brownsville last week, arrive at federal court in Brownsville for a hearing on their application for a writ of habeas corpus. The application bond for the men was reduced.

# More Funds Made Available For Cotton Acreage Reserve

## Three New Tests For Oil Staked in Hamlin Territory

Three new oil prospectors have been staked in the Hamlin territory recently. One is southeast of town and the others are northeast.

Eight miles southeast of Hamlin A. V. Jones & Son of Albany staked their No. 1 W. P. Westmoreland as a 3,500-foot rotary test. Site is 1,400 feet from the north and 567 feet from the east lines of Subdivision 7, Louis Kratz Survey 335.

Miami Petroleum Company, Inc. of Abilene staked two proposed 6,200-foot rotary wildcats in Southeast Stonewall County.

No. 1-E Swenson Land Company is located six miles southeast of Old Glory. Drillsite is 1,974 feet from the north and 660 feet from the west lines of Section 127, B. B. & C. Railway Company Survey.

Other test is No. 1-K Swenson Land Company, located 10 miles south of Old Glory. Drillsite is 660 feet from the north and west lines of the northeast quarter in Section 150, B. B. & C. Railway Company Survey.

Connecticut is sometimes called the Land of Steady Habits.

PEGGY KILLION, daughter of Mr. and Mrs. A. E. Killion, is sweetheart of the Hamlin chapter of Future Farmers of America. She will represent the Hamlin organization at an award and sweetheart banquet later this spring.

## PICKING UP THINGS.

Father was sitting in the arm chair watching TV one evening when Junior came in and showed him a new watch, explaining that he had found it in the street.

"But son," objected the father, "are you sure it was lost?"

"You bet it was lost," answered Junior. "I even saw the man looking for it!"

## Applications in By February 20 Will Be Handled

Sufficient funds to cover the applications to participate in the 1958 cotton acreage reserve program which were filed and recorded by the county office by February 20 have been received by the Jones County Agricultural Stabilization and Conservation Committee, M. S. Jones, county office manager of the county ASC office, advised this week.

Jones stated that all producers whose names are on the application register have been notified as to the availability of funds and will be given 15 days from the date of the notice to execute and file an agreement with the ASC office.

He further stated that any agreements executed may not be withdrawn since the closing date for withdrawal of cotton acreage reserve agreements was March 28.

Provisions also have been made, said Jones, for those producers to execute agreements who did not place their applications on the register by February 20 provided the following conditions are met:

## Moore and Weaver Re-elected as Trustees

Fred B. Moore Jr. and Noel (Duck) Weaver were re-elected as members of the board of trustees of Hamlin Independent School District Saturday in voting that polled only 62 ballots out of a

Moore received 59 votes, Weaver got 52 and R. L. McClung was accorded 15 votes. Two places were open on the board, Moore and Weaver having filed for reelection.

John Brown Sr of Neinda community received all 62 votes as the only candidate for county school trustee from Precinct 1. His name was the only one on the ticket.

Moore and Weaver will serve for three-year terms.

## Jack Pyron Added to Police Force of City

Jack Pyron was added to the City of Hamlin police force on April 1, replacing Jess Miller, who resigned after nearly three years of duty on the force, according to E. B. (Buddy) Watson, police chief.

Third member of the police force is Leland Server, who started service on January 1.

## Cause of Fire Not Determined by Inquiry at Scene

Fire of undetermined origin took the life of O. L. Henry, 58-year-old farmer of the Tuxedo community, 10 miles east of Hamlin, Tuesday afternoon about 1:30 o'clock when the family residence was completely destroyed.

Henry, who had been left at the home shortly after noon by his wife when she went to a store at Tuxedo, two miles east and south of the residence, apparently was caught by the flames and suffocated as he attempted to reach the back door of the home. It is supposed he had lain down for a nap and was awakened by the flames.

The farmer's body was found face up near the back door, but it was practically consumed by the intense heat of the fire that consumed the house before fire fighting equipment from Stamford and Hamlin could reach the scene.

A neighbor, John Lopez, was plowing in a field north of the Henry place when he saw smoke. Joined by Joe Vega, another neighbor, he ran to the Henry place to find flames jetting out of the roof. The two men called but heard no reply. Deciding that nobody was at home, they hurried to a house down the road but found no telephone. They then headed for Tuxedo and met Mrs. Henry returning home. They returned to the fire scene with Mrs. Henry. When she tried to enter the flaming home, she had to be restrained. She was brought to Hamlin Memorial Hospital, but refused treatment and returned to the home, where she collapsed upon learning that her husband had died in the holocaust. She was brought to the hospital again for treatment of shock.

Mr. and Mrs. Henry had lived in this area for about 15 years, where they owned several farms. He was born January 28, 1900, at Billings, Missouri. He moved with his family to East Texas. In 1923 he came to Jones County. He married the former Lillian Gray of Hamlin on March 10, 1924, at Carlsbad, New Mexico. The couple had no children.

Funeral services for the victim will be held at 3:00 p. m. this (Thursday) afternoon at Kinney Funeral Chapel in Stamford. Rev. Newton Starnes, pastor of St. John's Methodist Church, will officiate. Burial will be in the Hamlin East Cemetery.

Besides his wife, Henry is survived by a brother, R. C. Henry, and a sister, Mrs. Emmett Tutt, both of Mansfield, Missouri.

## Hub Hopper Buys in Imperial Barber Shop

Announcement was made last week of the purchase by Herbert (Hub) Hopper of half interest in the Imperial Barber Shop from Jimmy Simmons. The concern will still operate under the Imperial name.

Bessie Simmons and Hopper, Park West is the other barber in the shop.

## Who's New This Week

Mr. and Mrs. E. Dale Bever of Buena Park, California, are announcing the birth of a son on March 4. The youngster, who weighed seven pounds 15 ounces, has been named Bret Alan. The mother is the former Janice Bonner, daughter of Mr. and Mrs. Harold Bonner of Hamlin.

Only one new citizen was recorded since last week's report in The Herald at Hamlin Memorial Hospital. The new arrival was . . .

A boy for Mr. and Mrs. Bobby Westmoreland, who was born on April 12. He tipped the scales at a light six pounds 12 ounces. He will answer to Mark Alan.

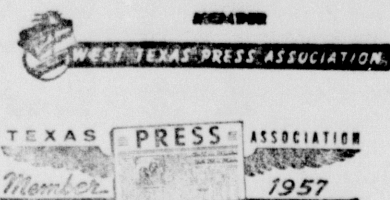

SECOND TORNADO FUNNEL—This is a photo of the second tornado funnel that last week hit Wichita Falls. At the bottom of the funnel is a cloud of swirling dust. The funnel did heavy damage to several business buildings on the Seymour highway just within the city limits. Photo was taken by Perry Acock of The Wichita Falls Record-News.

## RECALLING Other Years

★ Being news items taken from old files of Your Home-Town Newspaper, The Herald.

### THIRTY YEARS AGO.

Among happenings in the Hamlin community 30 years ago were the following, being news briefs reproduced from the issue of The Hamlin Herald dated April 27, 1928:

Velva Pardue, who is teaching in the schools at Sterling, Okla., spent the week-end with her parents, Dr. and Mrs. E. A. Pardue.

Glenn Chevrolet Company advertised the new Chevrolet roadster at \$495 fob Lansing, Michigan.

Hershel Davis and wife and son, Richard Lee, of Breckenridge and J. W. Crow and wife of Albany were here Sunday to visit Mr. and Mrs. J. R. Reynolds and other relatives.

The Acorn Store advertised the following specials: Size 20x32 tires, \$5; boys' wash suits, 60 cents; men's union suits, 79 cents; 12 dresses, \$4.95.

Several new residences are going up in Hamlin. One of the buildings are George A. N. Johnson, Mr. Knight and W. F. Johnson.

Hard surfacing is promised by the Texas Highway Department for all the main roads of the county, according to W. R. Ely, district highway engineer at Abilene.

### TWENTY YEARS AGO.

The following news briefs, reflecting goings-on in the Hamlin community 20 years ago, are reprinted from the issue of The Hamlin Herald dated April 29, 1938:

Rev. and Mrs. C. E. Leslie of Hermleigh came over Monday to visit Mr. and Mrs. John T. Day and other friends. Before her marriage Mrs. Leslie was Mrs. J. R. Wilson of Hamlin.

The long-sought-after highway between Hamlin and Rotan was assured this week when the Texas Highway Department issued a work order for the highway.

The Hamlin General Crude Oilers baseball team are developing into a formidable team. They have won several major games in recent weeks.

Mrs. Lenyce Phillips and daughter, Opita, of Hamlin, and her brothers, Otto and Van Huling, first of the week.

Alden Cathey and W. I. Don Norman are guests this week in the home of Mr. and Mrs. R. H. McCurdy.

Workmen are busy on rebuilding the two Tom Vaughan buildings destroyed last week in a fire. One of the buildings will be occupied by the Carmichael brothers' Lone Star Cafe.

### TEN YEARS AGO.

Among news items of interest to the community 10 years ago were the following, reproduced from the issue of The Hamlin Herald dated April 30, 1948:

Stanley Carmichael was elected president of Hamlin Lions Club at the Tuesday noon luncheon.

Brad Rowland Jr. and Les Cowan, students at McMurtry College, in Abilene, will represent the Indians at the Southwestern Track Meet this week-end at McMurtry.

After losing their first game last week, the Hamlin Pied Piper baseball team Tuesday trimmed the Roscoe Plowboys by a score of 19 to 5.

Dr. and Mrs. J. W. McCrary have moved into their new home on West Lake Drive and will have open house to their friends Sunday afternoon.

Hamlin Lions Club will sponsor a Harley Sadler play here May 10, "Saintly Hypocrites and Honest Sinners."

Deposits in the Farmers & Merchants National Bank for the period ending April 12, 1948, were \$3,572,401.75, according to the official bank statement.

### FIVE YEARS AGO.

From the issue of The Hamlin Herald dated May 1, 1953, the following news items of interest were taken, reflecting happenings of five years ago in the Hamlin community:

Bands from Hamlin High School and Hamlin Junior High School will compete in regional band contests of the Inter-scholastic League at San Angelo. The bands are under the direction of Walter P. Chalcraft.

Billy Splawn, 25-year-old oil field worker of Hamlin, died Wednesday about noon in an auto accident between Bandera and Kerrville. Particulars about the accident were not available at this time.

Wind and sand whipped grain and row crops in the Hamlin area for two days this week unmercifully. Much loss is reported to the crops.

## Baptists of Area to Attend State Sunday School Convention

Numbers of Hamlin area Baptists will be among the nearly 3,000 Texas Baptist Sunday School workers who are expected to attend the twenty-ninth annual state Sunday School Convention, April 21 to 23 at Lubbock.

Five general sessions and 25 special conferences will be held in Lubbock's First Baptist Church. Conferences will emphasize planning, teaching, training and witnessing, said state Sunday School Secretary Andrew Allen.

Dr. Ulin W. Leavelle, professor of education and director of the McGuffey Reading Clinic at the University of Virginia will be the principal speaker for the meeting. A national authority on child education and author of the Golden Rule series of readers, Dr. Leavelle

## RUSH HOUR EPISODE.

They kept pushing him toward the rear of the bus until finally they pushed him out of the back exit door. He ran excitedly to the front of the bus and tried to get on again. And someone yelled at him and said: "Sorry, bub, but we're too crowded."

"I don't care," he yelled. "You've got to let me on or I'll get fired. I'm the driver."

The reason there were fewer wrecks in the old horse-and-buggy days was that the driver didn't depend wholly on his own intelligence.

More than 1,121,400 persons are enrolled in Texas Baptist Sunday Schools. The denomination will attempt to enroll another 100,000 persons this year, said Allen.

## Famous Wrong Guesses

A six-year-old lad came home one day with a note from his teacher, in which it was suggested that he be taken out of school as he was "too stupid to learn." The boy's name was Thomas A. Edison.

Alfred Tennyson's grandfather gave him ten shillings for writing an elegy on his grandmother. Handing it to the lad the old man said: "There, that's the first money you ever earned by your poetry, and, take my word for it, it will be the last."

"Ah!" said Zacheus Greeley, Horace's father, when in a fit of abstraction the boy tried to yoke the "off" ox on the "near" side, "that boy will never know enough to get on in the world. He'll never know more than enough to come in when it rains."

Benjamin Franklin's mother-in-law hesitated at letting her daughter marry a printer. There were already two printing offices in the United States, and she feared that the country might not be able to support a third.

## What Makes a Leader?

Leadership is not only a question of seeing ahead; it is a matter of being big enough and brave enough to go ahead. A leader must always be advancing, always struggling to make things better, to carry out some needed activity. Men will readily follow a leader, especially if he never sounds a retreat.

There is a pleasure in leadership. Most men would give up their careers if it were just a question of making money; but leadership impels them to go on.

Leadership gravitates to the persons who can shoulder it and to the man who knows how to use it. The way to become a leader is to be willing to assume responsibilities, to think clearly, cultivate vision and to work tirelessly.

## Nuggets of Thought

Good talk is like good scenery—continuous, yet constantly varying, and full of the charm of novelty and surprise.—Randolph S. Bourne.

Don't be fooled by the calendar. There are only as many days in the year as you make use of. One man gets only a week's value out of a year while another man gets a full year's value out of a week.—Charles Richards.

Every step of progress is a step more spiritual.—Mary Baker Eddy.

The art of conversation consists as much in listening politely as in talking agreeably.—George Atwell.

Some people can stay longer in an hour than others can in a week.—William Dean Howells.

## Editorial of the Week

WHERE ARE PRISONERS?

People have a way of forgetting past evils. And one day there will be some favoring diplomatic recognition of Communist China, thus abandoning the valiant Nationalist forces driven off the mainland to the island of Formosa.

Let there be a thundering No! The way the Communists crushed freedom in China and engaged in brutal aggression in Korea is sufficient reason for the United States to withhold recognition and to oppose admission of the Peiping government to the United Nations. If another reason is needed, it is the shocking fact that Red China still refuses to shed light on 450 American service men captured in the Korean war.

Distraught relatives—even the State Department—have gotten nowhere with appeals for information. These men must not be forsaken. Our government must keep trying for their release, even though the war was over four and one-half years ago. Meanwhile, it must remain adamant against recognizing the cruel regime which holds them prisoner.—Grit.

### Signs-of-Life Campaign Being Waged By Safety Groups for Benefit of All

J. O. Musick, general manager of the Texas Safety Association, explained this week the February signs-of-life campaign sponsored throughout the state by TSA in support of the national back-the-attack-on-traffic-accidents campaign.

### Draft Registrants Fail to Report New Addresses to Board

Anson office of the state Selective service (draft board), covering Jones, Haskell and Shackelford counties registrants reports that a number of draftees have failed to keep the board informed of their change of address.

A list of these registrants is given below. Persons knowing the present addresses of these registrants are asked by Mrs. Mae L. Dunwoody, office clerk, to contact the office.

"Also, we will appreciate it if you will remind all registrants to notify their local board every time they change their address," Mrs. Dunwoody advises.

George Franklin Rhynes, Cecil Balles, Martinez, Hooks Ostrander, Peell, Bobby Eugene McKinney, Charles Lee Roy Cox, Truman Nuran Sellers, Billy Wayne Vassar, D. L. Bradshaw, M. C. McPherson, Sam Douglas Breeden, Moses Cuellar Martinez, Bobby David Baliff, Junior J. Allgood, George Wallace Dooley, Billy Joe Sanders, Thomas Jefferson Vickers, Jarvis Ranney Giddens;

Wade Kelly, Hubert Marlon Hayes, Billy Mose Bailey, Francisco Fuentes, Nicolas Alejandro, Derrell Elwyn Smith, Charles Bell Cole, R. L. Gilbert, Garland Rives Harrell, Rodolfo Diaz Rabledo, Benito R. Gonzales, Albelardo Cabrera Moncada, Filip Garcia, Billy Don Ross, James Howard Hale, John B. Steward, Jack Fredrickson and Jovito Urravaz.

"The purposes of the signs-of-life program are to strengthen engineering and enforcement, to stimulate prompt recognition of the signs, signals and markings, and to encourage obedience to them and to the safety rules they represent."

Musick said these signs were not only there to inform us of the law, but for our personal protection.

The safety expert said that traffic signs are proven life savers in that they provide walkers and drivers with information needed to chart a safe course through traffic.

For those who are unfamiliar with all the modern sign language, Musick explained the meaning of the six basic sign shapes:

Octagon—Red with white lettering, means come to a full stop and be sure the way is clear before proceeding. The older stop signs—octagonal, but yellow with black lettering—have the same meaning.

Triangle—Yellow with black lettering, the newest of standard signs. It reads, "Yield Right-of-Way" and requires the driver to slow down or stop, if necessary, to give right-of-way to cross traffic at intersections.

Rectangle—White with black or other color lettering, states the law: Parking restrictions, speed limits, turning and passing regulations, etc.

Diamond—Yellow with black lettering, warns of dangerous or unusual conditions ahead, such as curves, side roads, etc.

Round—Yellow with black X and RR, indicates a highway railroad crossing 300 to 500 feet ahead.

Crossbuck—Another railroad crossing warning sign, with black lettering. Erected within 15 feet of a highway-rail crossing. Many people neglect to respect the inherent dangers of a railroad crossing. Thus, approximately 2,500 people were killed in such accidents during 1957.

The Herald has carbon paper.

LAND OF PLENTY NOW—Marion Sansom, manager and part owner of the Sansom Ranch, looks at his fall oat crop planted in October, 1957. Two years ago during the seven-year drouth that hit this area the farmers and ranchers were forced to buy feed for their cattle. During this severe drouth President Eisenhower made a tour of the stricken area. Now Sansom has about 550 acres of oats coming to a head. The ranch contains about 10,000 acres and is 11 miles southeast of Point Rock in Concho County.

### Cost of Grass and Weed Control Can Be Cut by Cotton Farmer by Planning

Second highest cost item in cotton production is for grass and weed control, Hamlin area farmers are reminded this week as they make plans for their cotton crop for this season. Fred C. Elliott, extension cotton specialist says on the average 10 hours of labor are required an acre for this one item. But, he adds, this figure can be reduced if recommended control practices are followed.

Last year the state's cotton producers saved an estimated \$16,000,000 by using rotary hoes, which cut weeds and grass under the cotton. Rotary hoes on 44,798 farms were used in 150 counties to cut more than \$15,000,000 from the hoe bill. Elliott points out that rotary hoe equipped tractors should be operated at high speed for best results, around six miles per hour.

Lateral dilling with five gallons of naphtha an acre was used on 21,000 acres in 53 counties to cut the weed and grass control cost by \$65,000, reports Elliott. The cost of application was \$1 an acre and dilling shoes with a gage wheel arrangement permitted the operators to travel at fourth gear speeds.

In one county, five gallons of naphtha an acre was applied as a fine spray on grass in the drill

with 95 per cent of the grass killed. This treatment cost \$1 an acre, eliminated hoeing and saved the producer a gross of \$7 an acre.

Spot treatment of Johnson grass says the specialist, can eliminate the pest in one year while a full crop can be produced on the treated acreage.

Elliott advises cotton producers who would like detailed information on the recommended weed and grass control practices to contact their local county agent for the desired information.

### Loins Zone Meeting Discuss Redivisions

Probable redivision of districts of Lions Clubs in Texas was discussed last Thursday evening at a zone meeting of club representatives in this area held at Sweetwater. President Willard Jones and Treasurer George Campbell represented the Hamlin Lions Club.

Annual District 2-E convention will be held at Fort Worth May 30 and 31, it was announced. There are now 5,063 members in the district.

Good reports for the Hamlin club were made at the Sweetwater meeting. Nine clubs are in the zone, of which B. C. Drinkard of Roby is zone chairman.

### Careful Driver Is On Look-Out for Careless Drivers

"The careful driver is always on the look-out for the careless driver." This statement was made this week by J. O. Musick, general manager of the Texas Safety Association, as he urged motorists to cooperate with the defensive driving program of TSA.

This program is part of the back-the-attack-on traffic accidents campaign designed to cut down the 1958 traffic toll. The driving program of back-the-attack places emphasis on the responsibility of the driver for his own and others' safety.

"Many accidents need never have happened," Musick said, "if the innocent party had foreseen the danger in time and would have known what to do."

Musick pointed out that the driver's responsibility goes further than driving safely himself, knowing and obeying traffic laws, keeping his car in good mechanical condition and driving only when he is in good physical condition.

"A driver might do all these things and still be involved in an accident through the unsafe behavior of a pedestrian or another motorist."

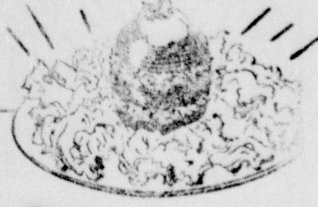

"But the defensive driver goes a step further. He is always on the alert to the accident potential

of other drivers, stray pedestrians, heavy traffic and weather conditions," Musick said. "And is always expecting the unexpected."

#### HIS TURN NOW.

A tramp knocked on the door of the inn known as "George and the Dragon." A hard faced landlady opened the door and the tramp beseeched, "Could you spare a poor man a bite to eat?"

"No," and she slammed the door. A few minutes later the tramp knocked again. "Could I have a few words with George now?"

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin.—It's a comparatively dull season at the state capitol now. About the only noticeable "sound and fury" is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are being decided elsewhere. Next year's legislators are out "talking with the people to see how they feel."

They're at church suppers, P-TA carnivals, civic club luncheons, lodge nights and cemetery "workings." They're feeling out support, asking questions, making commitments—in your town.

Answers they get and commitments they make now will, in large measure, determine how the close votes to this time next year.

**Small Turnover Possible.**—The prospect now is mostly for familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest state-wide survey by the Texas Legislative Service shows only three senators—Otis Lock, Searcy Bracewell and Carlos Ashley—bowing out of politics. There will be a scramble by House members for those seats.

Of the other 12 senators up for reelection only one, at last count, had an opponent. Remaining 16 in the upper house are having a "breather," since only half of the Senate runs each two years.

House of Representatives generally has a large scale assault on incumbents every election, and about a 30 per cent turn-over.

Less upheaval seems likely this year. Only about 20 representatives are not seeking reelection, including those running for the Senate. Of those running for the House again, or still undecided, only about 30 have announced opponents.

A question mark enters into race decisions this year. Whether or not legislators will have annual sessions and annual salaries will

not be decided until the constitutional amendment is voted on next November—after the primaries. For some the prospect of \$7,500 yearly is a lure. Others don't like the idea of having to be away from homes and businesses a good part of every year.

**At Last.**—Spring has finally sprung in Texas employment, bringing the long awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since December 20, showed a significant decline in the number of unemployment compensation claims. Drop was from 92,435 to 89,326.

TEC said some 14,974 had exhausted their benefits during January and February. Maximum allowed is \$28 a week for 26 weeks.

**Grow With Us.**—Some 3,000 major new factories will locate somewhere in the South within the next 10 years.

In reporting this prediction, Governor Price Daniel urged the state's new Industrial Commission to get in and pitch for a Texas sized share of the incoming wealth and job making industries.

Chairman E. B. Germany of Dallas said the commission would accept the challenge. He said the commission would study industry attracting techniques of other states and prepare a brochure on Texas' advantages.

Chief among these, said Germany, head of Long Star Steel, is a "healthy attitude" among Texans toward industry.

Commission members serve without state funds to pay for projects. Several hundred dollars in donations have been received. If voters next November approve an amendment removing the ban on state-financed advertising, the Legislature can appropriate money for this purpose.

**"Make It Painless."**—Tax talk towers over other topics in the build-up for the 1959 legislative session.

West Texas Chamber of Commerce has added a new idea to the stacks of proposals and counter proposals being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances tied up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax laws might solve the problem without enacting new levies. "Proper enforcement," said a labor spokesman, would tax, not only real estate, but bank deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups generally have opposed the corporation tax, saying it will hamper Texas' indus-

## KERRY DRAKE

IN THE ARENA OF A HOT STILL OPERATING ROOM, MEDICAL SKILL DUELS WITH DEATH OVER THE MOTIONLESS FORM OF SANDY BURNS!

TWO NURSES EXCHANGE UN-EASY GLANCES, AND ALMOST IMPERCEPTIBLY, ONE SHAKES HER HEAD!...

WHILE OUTSIDE, KERRY DRAKE AND SANDY'S PARENTS WATCH... AND WAIT!

trial development. Some have proposed a general sales tax.

Tax Study Commission already has issued two of a series of eight to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates are treading delicately around the subject. One said in his announcement that he opposed a general sales tax and a state income tax and that "if additional taxes have to be levied, let's make it as painless as possible."

**Good Roads Ahead.**—State Highway Commission has given approval to final phase of a 1959-60 state highway building program to cost \$319,000,000.

It calls for immediate spending of \$9,200,000 for right-of-way buying under the new 50-50 cost sharing plan between state and local governments.

First phase of the advanced planning program was approved in February. Second phase covers 1,630 miles of roadway in 13 districts at a cost of \$140,000,000. This does not include future work on farm-to-market roads and interstate highways.

**Short Snorts.**—State Selective Service headquarters has asked local draft boards to send up 4,247 men for pre-induction physical exams during May. It will be the second successive month of high quotas—highest since the Korean War—to replenish pool of potential military manpower. . . . Price index of Texas farm products rose two per cent from February to March reports U. S. Department of Agriculture. Crops rose three per cent, livestock one per cent.

Maybe the reason advice is so cheap is because there is so much of it.

**Good Crowds Attend Church of Christ Meet**

Good sized crowds are attending the series of evangelistic services underway at the Hamlin Church of Christ, reports Austin Siburt, minister. The services will continue at 3:00 and 7:30 p. m. daily through Saturday and at 10:50 a. m. and 7:30 p. m. Sunday.

Doing the preaching in the services is Rex Kyker, head of the speech department at Abilene Christian College. Rodney Spaulding of Hamlin, student at ACC, is directing the singing.

## Willinghams Bought New Angus Breeders

Tarleton Willingham and son of Hamlin recently purchased 44 pure-bred Aberdeen-Angus cows and a registered Angus bull from the Scales Angus Farm at Wales, Tennessee.

The Willinghams have ranches in Fisher County west of Hamlin for many years.

Coffee is about two per cent caffeine, tea from two to 2.5 per cent.

## RETURN FROM CALIFORNIA.

Mr. and Mrs. Harold Bonner returned Friday from a three-week visit with Mr. and Mrs. E. F. Pile (Dever of Buena Park, California). They also visited Mr. Bonner's mother, Mrs. Z. D. Bonner, at Carlsbad, New Mexico, and a brother, L. A. Bonner, and family at Duncan, Arizona.

## Senator David W. Ratliff of Stamford Makes Statement About Reelection

In announcing his candidacy for reelection as state senator from the 24th Senatorial District, David W. Ratliff of Stamford makes the following statement:

During the first three months of this year I have traveled throughout the counties comprising the 24th Senatorial District of Texas. I have visited every area and community in the district and have attempted to talk with as many people as humanly possible in such a short period. I regret that I have not been able to see and visit with more of the citizens of this district, but I am hopeful that the ensuing two months will give me that opportunity.

It has been my purpose to assemble the cross-thinking of the people of the district and obtain grass-roots opinions in order that I can more ably serve the district as state senator.

I have discussed water problems, highway situations, hospital needs and the imposing tax problems with men and women in every walk of life. Out of the experience of these visits I am more humbly conscious of the grave responsibility with which the next regular session of the Legislature will be faced.

There is no question that in this period of economic instability there is a keen and profound need for state government stability. That stability can be gained only through sane, sober and mature deliberations by the two bodies composing our state legislative branch. As a member of the nine-member State Tax Study Commission I am particularly conscious of the possibility, actually the probability, of the imposition of new tax burdens on the people of this state. During my eight years in the Legislature I have consistently opposed the imposition of new taxes. I have particularly opposed the levying of puni-

itive taxes. It is my hope and belief that from the information being gathered and studies being made by our commission, any new taxes recommended to the next session will be most equitable and less camaring to the individual.

The study commission of which I am privileged to be a member has paramount in mind the responsibility of reducing or eliminating wasteful and extravagant state expenditures before even contemplating the levying of new taxes.

Out of the visits with the citizenry of this senatorial district it is my true and genuine belief that the most fundamental desire of the majority of the people is that the king-makers and lobbyists of the CIO-AFL not dictate the policies of state government or control the political future of Texas. I unreservedly pledge to defend the structure of our political system and the operation of our state government against the potential invasion of stooges and candidates selfishly sponsored by the political action committees of Walter Reuther.

The people of this district extended me a great honor by allowing me the privilege of serving the unexpired term of the late Sena-

## Mrs. Bahia Hassen Dies Saturday in Hamlin Hospital

After a residence in Hamlin of more than 30 years, Mrs. Bahia Kalli Hassen, 48-year-old native of Lebanon and owner of Hassen Dry Goods Store, died shortly before noon Saturday in the Hamlin Memorial Hospital after an illness of about two weeks. She had undergone major surgery in a Houston hospital several weeks ago.

A daughter, who has been in Lebanon for a year, arrived only three hours after death claimed her mother. She is Mrs. Winnie Fae Dakour.

Born on May 15, 1909, in Lebanon, she married in 1924. They came to this country shortly after their marriage, settling in Hamlin in 1927. Mr. Hassen died in 1947.

Mrs. Hassen was a member of the First Methodist Church and was a member of the Eastern Star Lodge.

Funeral services were conducted Monday morning at the First Methodist Church, with the pastor, Rev. Edmund W. Robb, officiating. The body was taken to Sulphur, Oklahoma, Monday afternoon for burial beside her husband.

Survivors include five daughters, Mrs. Selma Sadak and Mrs. Gamille Sadak of Washington, D. C., Mrs. Winnie Fae Dakour of Lebanon, Mrs. Nozik Terrell of Anson and Nada Kaye Hassen of the home; five brothers, Naim Naim of Mexico City, Salim and Wadi Naim of Venezuela, and Jimal and Halem Naim, both of Lebanon; three sisters, Waida Naim of Venezuela, Jimella Naim and Fedwa Naim, both of Lebanon; and nine grandchildren.

**H-SU STUDENTS VISIT.**  
Gene Steele and his roommate, Palmer McCown, of Hardin-Simmons University at Abilene, were here for the Easter holidays visiting young Steele's parents, Mr. and Mrs. Virgil Steele, and his grandmother, Mrs. Etta Stephenson.

Mr. and Mrs. Harley Sadler. My family and I are deeply grateful for the many experiences of friendship which were afforded us through this opportunity of public service. It is our deepest hope that my conduct as state senator has never and never will cause embarrassment or disappointment to any of the people I represent.

I respectfully and humbly ask the voters of the 24th Senatorial District to allow me a second term in the state Senate, and prayerfully pledge that I will serve faithfully and honestly and will cast my votes in every instance in a manner in which I believe to be in the best interest of the majority of the people.

## Miscellaneous

**FOR BETTER CLEANING.** To keep colors gleaming, use Blue Lustre carpet cleaner.—R. Y. Barrow Furniture Company. 1c

**UNEXPECTED CHANGE** causes vacancy. Opportunity for man with car to supply demand for Rawleigh Products in Jones County. No capital needed. See T. F. Sosebee, 301 North Webb, Stamford, or write Rawleigh's, Dept. TXC-791-201, Memphis, Tennessee. 22-4c

**STALLION AT SERVICE**—Registered Appaloosa stallion stands at service one mile from signal light just off the McCaulley highway. Reserve champion for reiniging horses and second place winner at halter Dallas show. Will board mare for 50 cents per day. Fee, \$50.—Ben H. Turner, phone 155-J3, Hamlin. 23-2p

**WORD OF GRATITUDE**  
We are deeply grateful for every act of thoughtfulness and sympathy shown to us during the illness and passing of our mother and grandmother.—Mrs. Austin Siburt and family. 1c

**CARD OF THANKS**  
My sincere thanks for the numerous ways my friends helped during my recent illness in the Hamlin Memorial Hospital. I especially want to thank the doctors and nurses and also for the cards and flowers.—Mrs. Jewel Hargrave. 1c

**CARD OF THANKS**  
I wish to thank all my neighbors and friends for all the nice letters, cards, presents and flowers I received while in a Houston hospital; also Dr. Hawkins and Mrs. Nona Carter and the doctors and nurses at Houston all were wonderful. May God bless each and everyone is my prayer.—Belle Maddox. 1p

**PIED PIPER FEED MILLS**  
Divn of F. B. Moore Grain Co.

**FISHERMEN CASH IN ON WHITE BASS RUN**—Emory Hogan (left) and F. M. Pauls of Austin got into a nice school of and exhibit their near limit strings. The fish were taken on spinning tackle with live minnows, fished over a gravel bar, white bass on the Pedernales River west of Austin this week. They and scores of anglers in that area have had extraordinary luck as white bass go into their annual spawning frenzy.

## Many Vehicles in Area Are Yet to Be Safety Checked

With only a week left before the April 15 deadline, it was estimated Tuesday that 1,000 to 1,500 motor vehicles operating in the Hamlin territory were still without safety inspection stickers for 1956, it was disclosed in a check-up by The Herald.

The six inspection stations in Hamlin had inspected and placed on approximately 1,800 cars first of the week. If the rate of inspection is about the same in other communities, it would mean there were probably 3,500 cars and trucks in the county still to be inspected.

Roughly, one out of five Texas automobiles had not been inspected first of the week as required by state law, and there remain only four working days prior to the inspection deadline on April 15, according to a Texas Department of Safety release to The Herald.

Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, said this week that some 600,000 motor vehicles must still pass through the inspection lines prior to that date if their owners are to avoid being handed tickets for violation of the motor vehicle inspection law. Enforcement will begin April 16, he said.

**VISITS FROM BETHANY.**  
Paul Rogers of Bethany, Oklahoma, groom-to-be of Janet Higdon, was a guest in the home of Mr. and Mrs. R. W. Higdon, parents of the bride-elect.

## HHS Athletes Go to District Track Meet

Hamlin High School will have representation in most events when the District 4-AA track and field meet is staged Saturday at McMurry College in Abilene, according to Coaches D. C. Andrews, Jimmy Vaughan and Neil Laminack.

Representatives from all the five schools in the district—Stamford, Anson, Haskell, Seymour and Hamlin will participate in the meet.

First and second place winners in each event at the district meet will be eligible to go to the regional meet. First and second place winners at the regional will go to the state meet at Austin, the coaches declare.

## Baptist Youths of County to Meet in Stamford Session

Youths of Baptist churches of Hamlin and this area will go in big numbers to a Youth Night celebration April 12 at the First Baptist Church in Stamford. The evening's program will climax the annual Youth Week of the Jones County Baptist Association, being observed in the 29 Baptist churches of the county April 6 to 13. Bryan Shelburne is chairman of the rally committee in Hamlin.

A pot luck supper will be served at 6:30 p. m., followed by recreation at 7:00 p. m. and a program beginning at 7:45 p. m. Mrs. W. T. Gambill, associational and district Training Union director, announces.

The program is especially for the intermediates and young people in the association, but adults are invited.

Baskets of food will be brought and spread and served on the church lawn at 6:30 p. m. Recreation will be conducted by Billy Shirley, teacher at Hardin-Simmons University at Abilene, and Dale Coody, a senior at H-SU.

Reggie Sylvester of Avoca, young people's leader in the associational Training Union organization, will preside. He is choir leader at the Avoca Baptist Church.

## Phillips TU Group Meets at Church for Monthly Social Meet

Members of the Phillips Training Union group of North Central Avenue Baptist Church met last Friday evening in the educational building at the church for their business and social gathering for the month.

Mrs. Harold Lee opened the meeting with prayer. Mrs. D. A. Mullings, president, had charge of the business session, which was followed by a sing-song led by Mrs. E. B. Hopper.

Mrs. A. G. Anderson brought the devotional, reading from Matthew 5. Closing prayer was given by E. B. Hopper.

The hostesses served cake and ice cream to 10 members and four visitors.

Next meeting of the group will be in the home of Mr. and Mrs. A. G. Anderson on Tuesday evening, May 6.

## Record 1,568 Attend Sunday Schools of Easter Sunday

Another record attendance for the year was established by Sunday Schools of Hamlin churches Sunday when a total of 1,568 was tabulated by the 13 reporting churches. Only two churches reported a decline from the previous week. The 1,568 total was 232 more than the year ago figure.

Attendance, by churches, for April 6, March 30 and a year ago follows:

Churches	Apr. 6	Mar. 30	Year Ago
First Baptist	452	414	418
No. Cen. Baptist	115	85	64
Ork Gr. Col. Baptist	103	64	57
Mexican Baptist	50	60	80
Ch. of Nazarene	125	89	75
First Methodist	254	207	192
Pousquare	72	62	62
Fifth Methodist	42	58	42
Unset Baptist	73	44	53
Church of Christ	172	159	160
Calvary Baptist	9	50	67
United Pentecostal	9	9	17
Assembly of God	42	37	49
<b>Totals</b>	<b>1,568</b>	<b>1,338</b>	<b>1,336</b>

Nature is grand so long as men and women leave her alone.

## New Church Will Be Organized

A Primitive Baptist Church meeting will begin Saturday night at 8:00 o'clock and continue through Sunday night at the Doyle community church, five miles east of Hamlin. We are expecting several visiting preachers. Services will be at 11:00 a. m. Sunday and 7:30 p. m.

At 2:30 o'clock Sunday a Primitive Baptist Church will be organized. When the church is organized we will call Elder Fred Boen for our pastor.

The public is invited to the services.

## Estimated 21 for County Called to Take Physicals

An estimated 21 men from Jones County were to be asked this week to appear for pre-induction physical-mental examinations in May through the draft board at Anson.

Texas draft boards were being asked to forward 2,247 men for pre-induction physical-mental examinations in May. Colonel Morris S. Schwartz, state selective service director, said Friday.

At the same time, the 137 boards scattered across the state were requested to forward 677 men in May for induction into the Army. State selective service headquarters mailed the board quotas Tuesday.

This is the second month the pre-induction examinations have run at a relatively high figure, the highest since the Korean war. The April quota of 4,311 was announced earlier. January through March the monthly quota has been around 2,000 a month.

Reason given by the state director for increasing the number of examinees is to replenish the examined and acceptable pool of potential military manpower in Texas.

The May induction call of 677 men is the state's share of a national call of 13,000 all for the Army. Most of those inducted will be 22 years old. None younger can be called up unless they are volunteers or delinquents.

## H-SU Official to Fill First Baptist Pulpit

Dr. Dwayne Amburn, assistant to the president and handling public relations for Hardin-Simmons University at Abilene, will be in the pulpit at both services at the First Baptist Church Sunday, according to the pastor, Rev. Calvin Bailey.

Bailey is this week doing the preaching in a revival meeting at the First Baptist Church in Albany. He will return to his pulpit Sunday, April 20.

Spencer, April 4; Mrs. Joe Orona, April 2; Mrs. Ed Lewis, April 6; Mrs. Billy Joe Wilson, April 5; Mrs. Earl Brown, April 4; Cindy Bryant, April 5.

### MRS. ABSHER AT HOME.

Mr. and Mrs. Joe A. Simpson went Saturday to Las Cruces, New Mexico, to meet their daughter, Mrs. Charles Ray Absher, and husband. Mrs. Absher accompanied the Simpsons home for a several-month visit while Absher does special duty in Washington, D. C., with the Army.

Diplomacy is letting someone else have your way.

## Mrs. George White Dies in Arizona After Brief Illness

Death came unexpectedly Saturday night to Margie Ruth White, 26-year-old wife of an oil well driller and former Hamlin resident, in St. Joseph's Hospital in Phoenix, Arizona, after an illness of about a week. The family lived in Phoenix.

Born January 2, 1932, at Littlefield, Mrs. White was the daughter of Mr. and Mrs. Oddis Hallmark of Hamlin. She was a graduate of Hamlin High School. She

on December 31, 1949. The young couple had lived in Arizona about two years.

Funeral services for the young woman will be held Wednesday afternoon at 3:00 o'clock at the First Baptist Church in Hamlin. Officiating was the pastor, Rev. Calvin Bailey.

Burial was in the Hamlin East Cemetery under the direction of the Hamlin Funeral Home.

Surviving Mrs. White are her husband; two sons, Rusty and Rodney; and one daughter, Rhonda. Her parents, Mr. and Mrs. Oddis Hallmark of Hamlin; two brothers, Oddis Hallmark Jr. and Billy Wayne Hallmark of Hamlin; one sister, Mrs. Glenda Underwood of Phoenix, Arizona.

### VISIT FROM ABILENE.

Mr. and Mrs. James Eddie Jay of Abilene visited relatives last week-end at Hamlin.

## Baptist Women Go to Abilene WMU Clinic

Several Baptist women of the Hamlin area are due to be in Abilene today (Thursday) for a training workshop for members of the Woman's Missionary Union of District 17 of Baptist General Convention of Texas.

Thirteen state-wide leaders of the WMU will help conduct the workshop, to be held in the First Baptist Church of Abilene starting at 9:30 a. m. Most of the five-hour session will be devoted to special conferences for leaders in all phases of the WMU program, says Eula Mae Henderson, state WMU secretary of Dallas.

Special emphasis will be given, she said, to program planning, enrollment, stewardship and community missions work.

### HUDSONS HAVE GUESTS.

Easter holiday guests in the home of Mr. and Mrs. M. T. Hudson included: Major and Mrs. Earl C. Misener and sons, Bobby and Richard, of Fort Polk, Louisiana; Mr. and Mrs. Walter Chalcraft of Abilene; Mr. and Mrs. Jim Hudson of Odessa; Mrs. Alvin Hudson, Terry, Debbie and Linda of Odessa; Mr. and Mrs. J. M. Harlow and children, Randy and Jill, of Abilene; Mr. and Mrs. Charles Williams of Abilene; Mr. and Mrs. J. E. (Whitey) Griffin of Lamesa; Mr. and Mrs. Donald Grizz and children, Mary, Sandy and Gary, of Lamesa; Mr. and Mrs. Leonard West and children, Karon and Joe Dean, of Big Spring; Pearl Hudson, John Hudson, Mr. and Mrs. A. Hudson and Mrs. R. V. Teague of Hamlin.

## First Methodists Set Goal of 300 for SS

Sunday School Night will be observed this (Thursday) evening at services of the spring revival underway at the First Methodist Church, says Rev. Edmund W. Robb, pastor. The services will continue through Sunday, when a goal of 300 has been set for Sunday School.

Doing the preaching is Rev. Don Davidson, pastor of Asbury Methodist Church at Lubbock. Services are held at 7:00 a. m. and 8:00 p. m. Breakfast is served each morning at 6:30 by members of the men's Bible class.

### VISIT FROM DALLAS.

Mrs. Robert Burns and daughter of Dallas were guests of Mrs. Burns' mother, Mrs. H. C. Hodnett, and other relatives. Mrs. Hodnett returned home with them for a month's visit.

### VISITS FROM LUBBOCK.

Angela Malouf, who is employed in Lubbock, was home for the week-end, a guest of her parents, Mr. and Mrs. George Malouf.

## Hub Hopper Buys in Barber Shop . . .

## Many College Students Come Home For Easter Holidays with Homefolks

Most Hamlin community young people who have been away at college and university were at home for the Easter holidays for visits with homefolks and friends.

Among those checked by The Herald staff who were at home included the following:

From Hardin-Simmons University at Abilene—Barbara Durham, Gene Steele and Robert Altum.

Tarleton State College at Stephenville—Fayma Downey and Sonny Winegart.

Bethany Nazarene College at Bethany, Oklahoma—Janet E. Don, Johnny and Elizabeth Norton.

San Angelo Junior College—Mary Ann Willbanks.

Sul Ross State College at Alpine—Lavere Wilson, Clarence Parker, Bobby Beale and Barbara Bell.

McMurry College at Abilene—Laveta French, James Boyd, James Crowley, Douglas Ford and Ronnie Parker.

Texas Christian University at Fort Worth—Mary Willingham, Robert Fletcher, Lane Fletcher, Justin Rowland and Don Smith.

Southern Methodist University at Dallas—Holly Toler Jr.

University of Texas at Austin—Joe Don Hymen.

Abilene Christian College—Judy Brannon, Rodney Spaulding, Mac Reid, Jerry Fred Jay and James Eddie Jay.

Columbia University—Judy Harden.

Texas Tech College at Lubbock—Steve Reynolds, George Huling, Dave Weaver, Charlotte Wallace, Janice Crowley, Dennis Johnson, Guy Weaver, Don Crowley, Clark Hewitt, Dwight Wallace, Mr. and Mrs. Jackie Drummond.

North Texas State College at Denton—Annette Smith, Peggy Briscoe, Roba Roland, Mr. and Mrs. David Cowan, Kevin Rogers, Lee Maberry, Joe Cowan, Dewey Nunley and Don Adair.

Texas College at Tyler—Hattie Johnson.

College at Houston—John Mayfield.

## Lions Urged to Into Professions Take Christianity

"Take Christianity into your business, your farming or your profession," members and guests of the Hamlin Lions Club were urged by Rex Kyker, when he spoke at the Tuesday noon luncheon meeting of the civic group at the oil mill guest house.

Kyker, head of the speech department of Abilene Christian College, who is conducting a series of services at the Hamlin Church of Christ, spoke on "What Are You Doing with Your Life?"

When one lives all his life and does not glorify God, his life is empty, asserted the speaker. He urged his hearers to so live their lives in God's purpose that when we come to their conclusions, we can say like the missionaries to Thailand, "We wouldn't be anywhere else, where for anything in the world."

Chairman E. J. (Andy) Anderson of the electric light bulb sale recently conducted by the Lions said that the drive is about completed. Nearly \$200 was made in the campaign.

Two Hamlin Lions, it was reported, attended a zone meeting at Sweetwater last Thursday.

Besides the speaker, other guests at the Tuesday luncheon included Rev. Don Davidson of Lubbock and Rev. Edmund W. Robb.

MARLON BRANDO and MIKO TAKA, stars of Warner Bros. filmization of James Michener's best seller, "Sayonara," technicolor and technicolor presentation playing Sunday, Monday, Tuesday and Wednesday at the Drive in Theater, are shown above in a scene from the film. Patricia Owens, Red Buttons, Miyoshi Umeki and Ricardo Montalban also star in the film. Joshua Logan directed and William Goetz produced the feature.

## Funds from Prison Rodeos Help to Construct Chapels

Proceeds from the annual Texas Prison Rodeos, amounting to as much as \$100,000 per year, have been used to build several beautiful chapels for the system, declared Dr. Albert Lundy, teacher of sociology at Hardin-Simmons University at Abilene, who spoke at last Wednesday's Rotary Club luncheon at the oil mill guest house.

Dr. Lundy has made a study of the Texas prison system as part of his courses at H-SU, and has carried a number of his classes through the system. He declared that the system should no longer be referred to as a prison system but as the Texas correction system.

"Ten years ago Texas' correctional system was near the bottom of systems in the country as far as standards, equipment and methods were concerned," stated Dr. Lundy. "Now the system is near the top, thanks to the administration of O. B. Ellis and others."

There are about 10,000 men and 300 women at the 12 institutions in the state. However, the proportion of women prisoners is fast increasing, he said. The system requires about \$8,000,000 a year to operate, but only about \$2,000,000 is appropriated by the state, inasmuch as most of the operation and maintenance costs come from revenues produced by the inmates. Eighty per cent of the food used by the prisoners is produced on the system farms.

Most of the people connected with the correction system are opposed to capital punishment, Dr. Lundy said.

Besides the speaker, other guests at the Wednesday luncheon included I. L. Park and Bob Martin of Sweetwater, Hiram Arment and Dave Dillard of Abilene, H. G. Andrews Jr. and W. J. of Stamford, June Jones of Abilene, Mrs. Willard Jones and Hub Happer; Don Rowland, Junior Rotarian for March; and Charles Jenkins, Junior Rotarian for the month of April.

C. L. Howarth and Howard Wells were installed as new members of the Rotary Club by Tate May, charter member of the local club.

## District 4-AA Tennis Meet Set at Hamlin

District 4-AA tennis tournament will be conducted Saturday at Hamlin High School. Representatives from all five schools in the district are expected to participate in the events, which will feature both boys' and girls' singles and doubles matches.

Four good concrete tennis courts were constructed last year in Hamlin by the schools and some fast matches are scheduled to be played here this week-end. Hamlin High School will have teams in all divisions, says Coach D. C. Andrews.

## Pied Piper Baseball Crew Loses First Tilt To Rotan by 11 to 10

Baseball crew of Hamlin High School played their first game of the season last Thursday afternoon and lost to the Rotan High School 11-10.

Scheduled for only seven innings, the game was tied 8 to 8 at the end of the seventh. Both teams scored twice in the eighth, and Rotan made an unearned run in the ninth frame to take the fray 11 to 10.

The winning run came after the first man up got on first when the batter hit the catcher's mitt; he stole second; then went to third on an infield out; and went home on a catcher's error.

Don Drummond started on the mound for the Pied Pipers, with Ray Williams catching. Marcus Fletcher and Mike Bond also saw pitching duty in the game.

John Richey got three hits out of four trips to the plate; Mike Bond connected with three out of five, as did Wesley Cummings.

## Cotton Reserve

(concluded from page one)

(1) The farmer is able to clearly establish that he took positive action in an attempt to file an agreement or place his name on the application register within the sign-up period; (2) there are sufficient funds left to cover such agreements after all timely applications are taken care of; and (3) the farmer files a certification with the ASC office not later than April 18 setting forth the positive action taken to sign an agreement within the sign-up period.

Examples of positive action on the farmer's part of sign an agreement might be: (1) He went to the county office to register or sign an agreement but heard that there would be no money available; (2) he went to the county office to sign an agreement but the line was too long, etc.

Examples of cases which cannot be approved because they show a lack of positive action include: (1) The farmer heard that funds were exhausted; or that he thought too many farmers had been in ahead of him; (2) he was out of the county or too busy to call at the county office within the sign-up period, etc.

Each certificate shall be reviewed and approved or disapproved by a member of the county committee, Jones declares.

## Omar Burleson Says He Will Run Again For Congress Position

Representative Omar Burleson of Anson Saturday announced his candidacy for reelection as congressman from the 17th District.

Burleson made the announcement at Washington before flying home to spend Easter with his mother, Mrs. J. M. Burleson, in Anson. He said he expects to be in the district for about a week, returning to Washington at the end of the Congressional Easter recess.

Burleson, who has been congressman since January, 1947, said he had filed the necessary papers as a candidate for reelection in the 14 counties of the district. The Texas Legislature last year added two additional counties to the 17th District, they being Parker and Scurry Counties.

## Story About Texas Being Shown at Ferguson Theater

The story out of Texas as told by Director George Stevens, who recently returned to Hollywood after filming important scenes for his Warner-color production of "Giant," starring Elizabeth Taylor, Rock Hudson and James Dean, is that a rattlesnake in the hand is worth 100 in the bush.

The filmization of the Edna Ferber best selling novel makes its long awaited premiere at the Ferguson Theater Wednesday, Thursday and Friday.

Stevens, who is known for his outstanding direction of films such as "A Place in the Sun" and "Shane," ran into unforeseen difficulty during the "Giant" shooting. One of the scenes called for two good sized rattlesnakes to make their screen debut but as fate would have it, there wasn't a snake to cast.

The Warner Bros. property man in whose crafty hands all such problems are placed, was fortunately one of those New Yorkers who know how to catch a taxi on a rainy day. With this type of background, he rode out over the Texas prairie in search for two snakes, destined to one day see their names in lights.

Unfortunately the man from Warners' couldn't come up with even one snake sizeable enough to fill the role, and believe it or not, ended up buying two well-fed rattlers from a local snake fancier who seemingly had cornered the market on Texas snakes. Someone was heard to say, "Some paradise Texas—you can't even find a snake!"

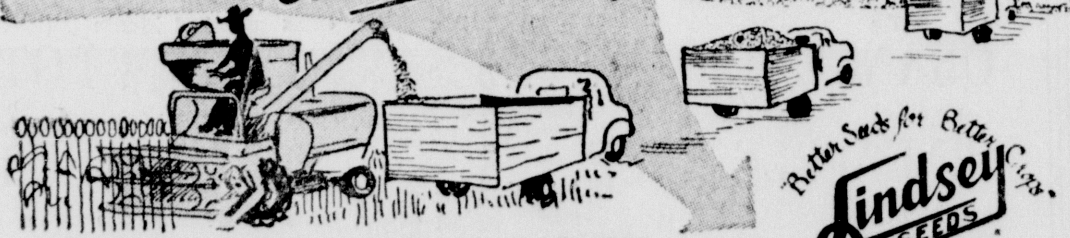

"Giant," produced for Warner Bros. presentation by George Stevens and Henry Ginsberg, was three years in the making. It has already been spoken of as one of the greatest and most exciting motion pictures ever to be made.
